## Cause and origin of Creation....

B.D. No. 7158

July 3rd 1958

What occurred in the kingdom of the spirits was the reason for the origin of Creation, of the entire universe with all its manifold spiritual and material creations. Prior to the emergence of these creations only the spiritual kingdom existed, which was a world of infinite beatitudes in which spiritual beings took pleasure in their existence and were able to create in possession of strength and light in accordance with their purpose. And this 'creating' involved spiritual creations again, they actualised thoughts and ideas which flowed to these beings from God and which they then implemented with immense bliss because the strength to do so was at their disposal and they were also able to freely use their will. And the spiritual beings' state of bliss need never have changed, they neither had to fear a restriction of their strength nor a reduction of light as long as their love for their God and Creator remained unchanged and they were thus permeated by Him with the divine light of love.... But then a situation arose which exposed the beings to a new point of view, when Lucifer, the bearer of light.... the first created being.... presented the Eternal Deity, because He was invisible, as being doubtful.... and presented himself as the one from whom all spirit-beings had emerged and also demanded their acknowledgment of him as god and creator....

This, however, caused a conflict in the beings because their love belonged to One Who created them.... but Lucifer's presentation confused them, in fact, it appeared more plausible, for Lucifer radiated in light and brilliance and they were unable to behold a superior being **above** him.... Nevertheless, they were still permeated by the light of realisation; consequently they also doubted Lucifer's portrayal. But gradually their bright moments of insight began to alternate with moments of slight blurring, and the more the being entertained the latter the longer lasted the phases of darkened thinking, or otherwise, the thoughts clarified and the being most lucidly realised its true origin. And Lucifer was **no longer** capable of dulling the realisation of the latter... The former, however, quickly became subject to his control, they joined him and looked upon him as their god and creator because they resisted their constantly recurring enlightened moments until their final fall into the abyss took place. Lucifer's undiminished strength in the beginning had brought a countless host of most blissful

spiritual beings into existence, and due to the abundance of his creations a wrong sense of self-esteem arose in him.... He no longer saw the Source from Whom he had **received** this strength but only the 'evidence' of the strength which permeated him and he alone wanted to possess it, even though he knew that it also belonged to the One Whose strength he was allowed to draw upon. Yet he not only wanted to **possess** it, he also wanted to dull the beings' light which most distinctly revealed their origin to them.... And thus he succeeded in causing a conflict in the beings which, however, also lessened their happiness and hampered their creative activity.... until they finally decided to accept their lord and thus the beings as well as the bearer of light forfeited their strength and light and plunged into darkness....

And this spiritual process, which can only be roughly explained to you humans, resulted in the emergence of countless spiritual and physical creations.... These creations are merely reshaped, fallen spiritual beings.... Due to their apostasy from God, due to their infinitely great distance from Him, their substance became increasingly harder the further away it fell. This has to be understood such that the spiritual strength from God, which induces ever increasing activity, was no longer able to touch these spiritual beings because they resisted it themselves; and thus their activity came to an end, their mobility, their life solidified.... and what remained was utterly hardened substance, which originally was indeed God's emanated strength, yet it had become totally ineffective.... But God's love and wisdom had initially intended a different purpose for the spiritual beings: constant activity according to His will which, at the same time, was also intended to be the being's will. The spiritual beings had acted in opposition to their purpose, they wanted to use their strength contrary to divine will yet were no longer able to do so, since due to their apostasy they had deprived themselves of their strength. At that moment God's love seized the completely solidified spirits again, which were no longer able to recognise themselves and were no more than a cluster of God-opposing spiritual substances. His strength of love drove these substances apart and used them to let the most diverse works of creation arise.... Thus He more or less reshaped His once emanated strength, He gave every individual work of creation its task which it then complied with in the law of compulsion, so that the dissolved spiritual substance was compelled to be active but without any self-awareness, which it previously possessed as a spiritual being. Consequently, the creations are nothing other than what originally had come forth from God, just in a completely different state as far as their perfection is concerned.... For **all** creations are or shelter only **imperfect** spiritual spirits which are on the path of return to God. **Perfect** spiritual beings did not require material creations, they only externalised their ideas and thoughts but these were only the spiritual products of their will and thinking and their unlimited strength again. It was a world which was only inhabited by perfect beings. No flaws, no limits and no deficiencies existed therein.... For these only surfaced when the universe sheltered God-opposing beings.... when imperfect spiritual beings needed shells in which they were forced to become active.

And so, wherever forms can be found they also contain captive imperfect spirits within, and the more solid these forms are the more hardened and God-opposing is the bound spiritual substance inside. But even the form itself.... the material part.... consists of such imperfect substances which are only held together by God's strength of love in order to serve a purpose: as carriers of spiritual beings to help them to progress. Divine strength of love enclosed all these spiritual substances but it will not compellingly influence them by forcefully breaking their resistance.... A work of creation must indeed carry out a specific activity according to God's will but the spirit within is not forced to turn to God. And this is why it is possible that the spirit of an original being can cover the whole process through the works of creation up to the final embodiment as a human being and still not have relinquished its resistance to God, because this has to be achieved by its free will which can just as well turn to the prince of darkness again. But the constant activity in the law of compulsion usually achieves a reduction of resistance to God, because even the slightest activity gives the being a certain sense of comfort already, since an expression of strength corresponds to its fundamental nature. The countless worlds of the stars, all their inherent creations, are **the result** of this past apostasy in the kingdom of the spirits.... They will still continue to exist for eternities; time and again new creations will arise in order to enable the once fallen spirits to return to God. Eternities will pass by until the work of return is accomplished, until even the last hardened spiritual being will be dissolved and able to start on the

path of return.... However, sooner or later all these creations will have spiritualised themselves, sooner or later there will be only one 'spiritual world' again where all spirits will work in the same will as God's will and be incomparably happy.... sooner or later God will have achieved the goal of not merely being surrounded by 'living creations' but by 'children' to whom He can provide the greatest beatitudes, because His infinite love urges Him towards constant happiness and will not let Him rest until He has reached His goal....

Amen

## Transformation from death into life....

B.D. No. 7911

June 5th 1961

**I** guide all that is dead into life.... For the origin of everything in existence was life.... It was a state of constant activity in light and strength, for the strength of My love.... the foundation of everything in existence.... also permeated that which emerged from Me as a being, and this strength had to become effective in continuous activity. This activity consisted of constantly creating; however, the kind of creations cannot be explained to you since they were spiritual creations which your still limited thinking is unable to grasp. But it was active, and this activity was the evidence of 'life'.... When the beings turned away from Me, when they opposed My strength of love, they gradually fell into a state of inactivity, and thus their state of life became a state of death.... They hardened within their substance and became immobile, rigid and incapable of all activity.... But then they could no longer be called happy.... And countless beings are still in this state of death, which once came forth from Me in all perfection, which were abundantly happy because they were able to be effective in light and strength without restriction.... but which nevertheless voluntarily gave up their perfection when they opposed Me and rejected My illumination of love, when they followed My adversary.... who, as My first-created being, also detached himself from Me.... into the abyss. Hence their state of life became a state of death.... However, I will not leave them in this state forever, I will try to bring the dead back to life and will not rest until I have reached My goal that everything which had once fallen away from Me has returned to Me.... until it has come alive again. But this process of return to Me will take an infinitely long time, which certainly will come to an end one day but the duration of it is determined by the being itself. For I have to take free will into account, which is the possession of every being as a sign of its Divinity and which therefore also determines the form and duration of the process of return. Everything you see around you, thus every work of creation, only emerged for the purpose of this process of return, for I devised a plan of Salvation which My love and wisdom recognised as successful and which is implemented by My power. I want to bring everything that is dead back to life.

And that means that all that which is rigid, all that which is incapable of activity, must gradually be allowed to become active again. But this is now decided by **Me Myself**, because I restrained the formerly rebellious will for a certain time of higher development so that it slowly returns to a state of 'life' although in a state of compulsion.... i.e., during this time it has no free will, but has to move according to My will, in order to then, after an infinitely long path of development, reach a state of free will once again. And this process of development involves passing through all creations on earth.... it is a process which becomes understandable to you if you imagine that every work of creation is **animated by individual substances of soul**, which formerly belonged to the once fallen being and which, in its dead state, was dissolved into countless tiny particles, which thus carry out their designated task within the creations according to My will.... according to the divine law of nature.... You humans are only intended to get a rough idea of what Creation fundamentally consists of.... you should know that it did not arbitrarily arise without meaning and purpose but that it has a tremendously significant purpose indeed: to contribute towards awakening all that which is dead into life.... For that which once deserted Me were **beings** which I externalised as images of Myself, which I wanted to make supremely happy and, at the same time, find My happiness therein as well.... They had been My love's living creations, which I will never abandon and which I also want to help out of their self-inflicted state of death, which I want to guide into everlasting life.... And since My love for

My once created beings has not diminished I will not slacken in My efforts to bring these dead creatures back to life. Yet one day they will also receive their free will again, and then they will have to complete the work of My love **themselves**.... They must strive towards Me again of their own free will, just as they once turned away from Me.... Thus they must choose a state of life themselves, for their final perfection is not determined by My but by their will. And if this will fails, then the being itself will indeed extend the duration of its state of death, but one day I will reach My goal with certainty, for I will leave nothing in a state of death which once emerged from My love into a free life in light and strength....

Amen

### **Infinitely long fall into the abyss.... Path of return....**

B.D. No. 7469

December 2nd 1959

**T**he work of return is taking its course according to My eternal plan of Salvation. One stage after the other has to be covered, no stage can be arbitrarily missed out, everything takes its course according to My eternal order, the return will happen in the same way as the fall from Me had once taken place, the only difference is that this descent proceeded into infinite emptiness, whereas the return continues through all kinds of works of creation and thus the ascent is guaranteed, because My wisdom and love deem it to be advantageous. Nevertheless, it will take an infinitely long period of time before this work of return is concluded, before the fallen being may inhabit the earth as a human being again, in order to take the last step towards perfection.... These periods of time are so infinitely long that you humans are incapable of comprehending them. However, the fall into the abyss took even longer still, from the point of view of time.... But no concept of time and space existed then, to the spiritual beings which fell away from Me everything was endless.... since due to the ever greater distance from Me they also became increasingly more atrophied, thus the absence of strength of love caused a feeling emptiness and desolation, which they had never known before . And in this state all realisation began to wane, the spiritual being's thinking became confused, the beings were no longer capable of giving account to themselves as to what had happened, ever more darkness surrounded each being until it was no longer aware of itself and its substance became hardened.... until all energy of life was gone.... Only then did I take care of them again.... Only then did I let Creation arise from these no longer self-aware beings, whose spiritual substance had thus hardened and which I therefore reshaped into all kinds of different creations....

Hence, Creation had once been the strength I emanated as a being, which was merely reshaped for one purpose: that it should **serve** Me according to My will, because it once wanted to dominate and as a result of this sin fell into the abyss.... Through being of service it should ascend again, albeit in a constrained will yet with the certainty of reducing the infinitely long fall downwards.... Through its service in the state of compulsion it was intended to reach step by step higher spheres again.... up to the state in which it was also meant to be of service but of its own **free will**, **without** being forced into it by Me.... for only then will it be able to take the last step to reach perfection, for it will only use its own free will correctly if it is of loving service of its own accord. The path the once fallen spirits have to cover is infinitely long but their path has been delineated by Me.... Although during the last stage as a human being there is a risk of failure, but the final test of will cannot be avoided, it has to be taken in free will, and therefore it is possible that the human being will fail.... but this will not stop Me from implementing My plan of Salvation which applies to the return of all fallen spiritual beings. One day I will reach the goal and I will do everything possible so that the human being as such will not take the path across earth in vain, but I will not force him, because his every action has to be voluntary and because he must voluntarily be of loving service if his path is to gain him success so that he, at the end of his life on earth, will be liberated from every form....

Amen

## The human being is not a product of coincidence by a Creative Power....

B.D. No. 8943  
February 25th 1965

**T**he human being with all his vices, flaws and afflictions is easily inclined to believe that he was created like this by God, if he believes at all to have originated from Him. Yet this Creator would have to be denied all love and wisdom which motivated Him to create humans (beings); for in this case every person would merely be the product of a Being which is imperfect itself, which created the human being (the being) as a whim but which cannot be accredited with supreme perfection. Someone who is able to entertain such thoughts at any time is utterly unenlightened; he has formed a completely wrong concept of his Creator, for the existence as a 'human being' is only the stage of an infinitely long process of development but, at the same time, it is the most important stage, for during this time the being has to make its final decision of will in order to achieve its original state again in which it was once created.... You all need to know that your origin from the supremely perfect Being had likewise been a state of supreme perfection.... and that the state you are in **now** was created by yourselves, which was therefore **not** the **work** of your Creator of eternity.... You all need to know that it is only an intermediate state which you caused yourselves as a result of reversing your will but which you can change again into your original state if your will is likewise prepared to change. And therefore you have to fight against all your vices and flaws, you must try to change yourselves and create a state in which you transform all your flaws into virtues, in which your God-opposing relationship undergoes a change which will bring you close to Him and you approach the original state once more in which you once emerged from Him. You cannot look upon your human existence as a concluded life, you must always know that there was a 'before' and that there will also be an 'after' but that you, during your life as a human being, must make a decision as to whether you want to be free from every form or whether you want to fall back again into a stage which you had already overcome a long time ago.

But don't believe that you are a product of coincidence by a Creative Power Which arbitrarily externalised beings from within Itself which are more or less tainted by various flaws and vices.... believe that this Creative Power has to be accredited with love and wisdom of highest perfection and that It created you for a purpose.... to radiate Itself, that is, Its love, into Its created beings which, however, was prevented by these beings themselves.... thus, they rejected this love and thereby changed into the opposite.... into the beings which you are now as humans.... yet always with the goal to achieve your past nature again. And thus you should consider your time on earth merely as a passageway, consider it as a divinely planned designated return into your actual state, since you emerged in supreme perfection from the Creative Power. And you should know that you must make every effort during your earthly life in order to fight against all bad habits which prevent you from entering into unity again with your Creator of eternity, Who wants to be your Father, but that you will be infinitely happy if you succeed in changing, if you allow this change into love and by doing so may take possession of your Father's ray of love again, Who bestows this bliss upon you. For this is your only goal, to once again become what you were in the beginning.... supremely perfect beings, as they were when they came forth from God....

Amen

## The creations' lack of self-awareness....

B.D. No. 6344  
September 1st 1955

**N**othing you can see around yourselves is without spirit. Everything visible to you shelters spiritual substance which once emerged from Me as a spiritual being but which, dissolved in countless minute particles, has lost its self-awareness.... and will **continue** to pass through the visible creation without this self-awareness until all particles have found each other and united again and **now** constitute this created original spirit once more which, embodied as a human being.... is given self-awareness again.... Consequently, the human being is an original spirit concealed within a material shell, whereas all other works of creation, from hard matter up to the animal, are likewise animated by

tiny particles belonging to an original spirit which, however, is unable to recognise itself as a being because it lost this realisation due to its past apostasy from Me.... But Creation could not **exist** were it not animated by substance.... in other words: In the very beginning I created beings which I externalised in My image. The material creation, however, consists of these, My created beings, and only arose for the purpose of enabling the constrained spiritual substance within to **return to Me**, from Whom it had voluntarily separated. Every creation of Mine is emanated strength.... It is not lifeless because nothing dead can emerge from Me....

Everything that **testifies to life** is something substantial, the effect of its strength can merely express itself differently.... but it will always prove to be strength, it will perform a function which may well remain concealed to the human eyes if it is minor yet it cannot be denied because **nothing remains** as it is but will always show a change. The more evidently an activity can be observed the more life is betrayed by the work of creation, and only its lack of self-awareness gives rise to doubt the spiritual substance within everything that is surrounding you.... But it will only become an independent entity again once it has regained its self-awareness, although the **life giving** substance - within the human being as well as within every work of creation - is the same: strength which once emerged from Me as a being.... That which betrays life already shelters this strength to a greater extent than apparently dead matter.... and yet the latter could not exist were it not spiritual substance itself since, in the final analysis, everything is strength which flows forth from Me which, like Me, must also be spiritual substance.... There is, however, a difference of perfection of the beings which once came forth from Me.... And this difference determines their respective activity.... which can consist of creating and populating worlds but also of a minimal service by the imperfect beings towards equally imperfect beings.... a service which will nevertheless constantly increase and steadily lead to activity which can also be observed by you humans.... which demonstrates life.... For everything shall attain that level of perfection again in which it was originally created so as to be able to use the strength, which constantly flows to it from Me, as a self-aware individual being according to My will....

Amen

## Development of the soul.... Original spirit....

B.D. No. 7571

April 7th 1960

**S**piritual substance matures during every developmental period, and one period can in fact suffice for the spiritual substance to progress through the creations to the point that it is able to embody itself as a human being and successfully pass its last test of will.... But several such periods may be needed for this spiritualization of hardened soul-substances if resistance is so strong that its higher development is too slow and the existence as a human being carries an added risk of the soul descending into the abyss again. For free will, which is tested during the stage as a human being, is decisive.

But prior to this, free will is constrained.... Although the hardened spiritual substance is no longer subject to God's adversary's will due to this process of development through the creations of earth.... the individual substances are nevertheless unable to use free will, instead they are controlled by God's will, that is, their process of development takes place in a state of compulsion, they are subject to God's will, Who assigns a task to all spiritual substances within the works of creation. By accomplishing this task within the law of compulsion they gradually progress, i.e. their resistance lessens; they carry out a helpful function and are able to slowly reach the state when their free will can be returned to them. And this process of development requires constant changes of the external shape.... it is a slow ascent, it is an integration with the laws of nature and therefore a submission to God's will, if only due to a certain amount of coercion which, however, only helps to relieve the being and one day is meant to provide it with the freedom to think, want and act using its own will again.

And this process through the works of creation cannot be avoided if the spiritual being is to return to God again, from Whom it had distanced itself to such an infinite extent as a result of its apostasy that it would never be able to overcome this distance of its own strength, and would never be released by

God's adversary to return either if God did not remove the spiritual substance from him for the very purpose of banishing it into matter, into the creations on this earth. God's adversary is entitled to the fallen spirits because they had voluntarily followed him into the abyss.... But God has the same right because the beings emerged from His strength. Hence God is justified in removing them from the adversary's control, but in return the latter was given the right to influence the soul again when it lives on earth in the stage as a human being. And to this end the spiritual substance must have attained a degree of maturity again when it is **able** to use its will in order to freely decide which lord to choose.

But God cannot place the spiritual substance into this state instantly, it has to cover the process of ascent in the same progressive stages as it had descended, it has to relinquish its resistance slowly, as it cannot forcibly be broken. And this requires innumerable changes of form, through the world of rocks, plants and animals to the human being.... Every change of external shape also lessens its resistance, for the being has been of service in a state of compulsion by which it gains increasingly lighter forms.... But the sin of apostasy from God is so vast that the distance from Him is therefore vast as well, which means that untold changes of shapes are needed to reduce this distance in order to come closer to God again, when only the last free decision of will is required for the last form to fall off.... for the being to return to the Father again from Whom it had originated....

And this whole process of development within the creations of earth is a continuous battle.... The spiritual substance tries to burst the external shape because it experiences it as a constraint, but each time it also experiences the rupture of the form as a relief irrespective of its level of maturity.... And this is why the struggle, which you humans are able to observe in the animal kingdom, only seems cruel in your eyes, whereas time and again every animal experiences the change of its external shape as a relief. For this reason God permits or even wants the weaker to succumb to the stronger, the stronger to terminate the life of the weaker and, in a manner of speaking, is thereby even able to serve the spiritual substance to continue its development. Therefore, as long as the being is subject to the law of compulsion everything is determined by God, its end as well as its new formation.... However, as soon as the being has reached the stage of a human being and has received its free will again, God withdraws His will.... And then the human being is given laws which he has to observe if his earthly life is to be successful.... On the one hand he is tied to the laws of nature, and on the other hand he is informed of God's will, to which he has to submit if his development is to progress and reach a conclusion, for the goal is to become free of every external shape and to enter the kingdom of light as a free spirit.... to return to the Father's house, to God, from whence the being once originated....

Amen

**'God breathed a living soul into him...'**

B.D. No. **6599**

July 19th 1956

**M**y eternal plan of Salvation intends to bring about the deification of your souls, which indeed had once been divine and perfect beings yet they forfeited this perfection of their own free will.... You humans should know that I did not externalise you from Me as imperfectly as you are now, that I undeniably created the human form, but the soul, which animates this human form, had already spent an infinitely long time of changing its voluntarily fashioned, completely wrong state to such an extent that it was able to dwell in the human form in order to attain complete deification again. You must know that I did not **create** you imperfectly to then demand of you as human beings to perfect yourselves.... because nothing imperfect can emerge from Me.... Once you are in possession of this knowledge you will also consider your earthly existence from a different point of view.... You will realise that it is not an end in itself but the means to an end.... However, as long as you are lacking this knowledge you justifiably believe that you may use your earthly life purely for the sake of improving your physical well-being.... You believe that you may use your energy of life purely physically, even if you aspire to the goal that every individual person should improve himself ethically in order to achieve a better human race.... But you don't understand the **spiritual** task of the individual yet.... The human being himself is not the final goal, the existence as a human being is merely the final

opportunity on this earth to reach the highest goal. And the teaching that I 'created man so that he should love Me, be of service to Me, in order to thereby enter Heaven' is only justified if the human existence is looked upon as a limited stage for the soul which once became imperfect, otherwise this teaching will lead to wrong ideas, such as the one that something 'imperfect'.... the soul.... was joined to the human being at birth, that thus something **imperfect** was brought to life by **Me**.... This not only confuses the image of My nature, which is supremely perfect, but also people's train of thought, who do not grasp their actual task on earth and will therefore be increasingly more worldly orientated because a wrong concept is being developed in them.

Although through love for Me and selfless service the human being could indeed be able to attain the right realisation and subsequently beatitude.... it will nevertheless prevent love being kindled towards a Being which uses its creative strength for the emergence of **imperfect** creations; and even selfless **service** lacks the right motivation if people are unaware of the perfect spirits' former apostasy from Me, which consisted of the fact that they wanted to rule with arrogance.... hence they discarded the principle of love.... Their imperfection was caused by the beings themselves.... However, the fact **that** you are imperfect as a human being cannot be doubted, and therefore you must first try to ascertain the **reason** for your imperfection and not be satisfied with the explanation that I created you the way you are on earth now.... But the latter is endorsed by all those who portray the act of creation of the human being such that a 'soul' is 'created' at the same time for this human being.... which they deem they can justify on account of the Words 'God breathed a living soul into him....' The fact that this living soul is a formerly fallen original spirit is not known to them.... but this knowledge could be discovered by every individual person if only he seriously questioned the meaning and purpose of earthly life and his task on earth. And even a misguided teaching could make a person question, if only he wanted to gain clarification.... And especially the teachers who guide people should first attain clarification themselves, which they can receive at any time by merely turning to Me Myself if slight doubts, which **everyone can feel arise within himself** during **deliberation**, would make them turn to the right source, where purest trust will refresh anyone who desires it. The reason why there is so much darkness amongst people that misguided teachings were able to spread is due to people's indifference towards the truth, for it is available and within reach for everyone who seriously desires the truth. Yet only a few try to penetrate My eternal plan of Salvation.... but for them everything is obvious and they are brightly enlightened because the Light of eternity Itself kindles it in all those who want to escape the darkness....

Amen

### Adam.... Original spirit.... Lucifer's test.... Bursting the form....

B.D. No. 5802

November 9th 1953

**A**nyone who strives to arrive at the truth leaves all darkness behind him, he will have an explanation for everything, he will know the correlation between all things, he will recognise that his path leads upwards, that he has found the connection with God, that he cannot err anymore because God Himself conveys the truth to him. But striving for the truth means that it first has to be sincerely desired, and then the knowledge he receives.... be it from outside or from within in the form of thoughts.... has to be accepted with an open heart. For the heart will be willing to either accept or reject truth and error and thus influence the person accordingly.

Truth has to be aspired to in so far as that the human being's will has to be actively involved.... it cannot simply be given to a completely passive person who does not want it himself and who will not take the necessary steps in order to gain it. For then he will remain in spiritual darkness and not achieve progress. Truth, however, is the ascending path.... Truth is the spiritual knowledge conveyed to people by God Himself which tries to find a recipient in every human being, which can be acquired by every person's will since it can be imparted to people in many different ways.... but it always has to be desired first. But anyone who has gained the truth no longer lives in darkness, everything is crystal clear to him, he no longer doubts, for whatever is still unclear will be explained to him when he asks

for it providing he turns to the source of truth.... providing he submits his doubts and questions to God Himself and then awaits God's answer through his heart.... The desire for truth, the mental contact with God and his inward listening also ensures him a clear and truthful answer. You humans should know that no unsolved questions need to exist for you providing you just want an explanation and present every question to the One Who is truth Himself and Who also wants to impart it to His children in order to enlighten them, in order to illuminate their path of ascent:

The body of the first-created human being was also an act of creation by My love. I **then** had to create an external shell for the fallen spirit once it had worked its way up from the abyss to a point where it was able to undertake its final test of will in complete freedom.... I had to create forms for all My once created original spirits whose previously dissolved substances had come together again after an infinitely long period of time and who, therefore, as self-aware beings once more, were waiting for permission to become active.... Creating the external form of such an original spirit was no **different** than the countless many works of creation which had previously arisen.... it was My externalised thought which, through My will, appeared before Me already completed. But giving life to this created form was only possible by permeating it with My strength of love....

The originally created spirit, however, **was** My emanated strength of love.... Hence it only needed to take possession of the external form in order to turn it into a living being. The spirit was close to its perfection.... and yet far from it because it lacked final realisation.... because the sin with which it was burdened had completely deprived it of all knowledge and in this state it needed instruction and commandments.... thus it was to gradually mature into realisation by complying with these commandments.... A great spiritual battle had taken place earlier because a large number of fallen original spirits wanted to occupy My first created form.... For they knew that they could only gain access to Me again in the body of a human being, that they would only be able to gain unimaginable abundance of strength and light through a test of life in which they were to prove how they would utilise the strength at their disposal.... But I Myself chose **which** original spirit should take abode in the first human being.... For only I knew whose opposition to Me had weakened such that the final test of earthly life could be imposed on him; I knew whose will could have resisted My adversary's power. Therefore I chose an original spirit which had once taken a leading position during the spirits' apostasy.... which was indeed more heavily burdened by sin but which My love very much endeavoured to regain, for countless beings would likewise have followed it and the redemption would have progressed far more rapidly.... I have known, in fact, since eternity that this original spirit would fail.... Nevertheless, due to its changed will during the preliminary stages it was the strongest spirit, thus it was also **entitled** to be the **first** to receive the state of free will, and which therefore offered the best prospects of passing the test of will....

The form of the first human being was.... before this original spirit occupied it, also visible to Lucifer, who certainly knew that this form was the gate from the kingdom of darkness, from his realm, into My kingdom, into the kingdom of light.... He also knew that.... if he didn't want to lose his followers.... he had to use every means to wrest the souls back from Me during the human being's approved probationary period, in order to turn the test to his advantage....

My created form was still without life when Lucifer seized it in order to test it by animating it with his spirit.... yet his untamed spirit burst the form, and he was sure that every spirit banished into this form would burst it and that there would never be any danger of loss for him....

I allowed this test to happen and then proved to him that his assumption was wrong.... For due to its long process of development the **very** spirit which was to embody itself in the human being no longer shared Lucifer's will, it willingly occupied the final external form, and since this original spirit was close to its original state it did not consider the external form a shackle to prevent the fall into sin.... For it was master over all of creation, it could rule like a lord over the earth which was at its disposal with every creation.... It had abundant might and strength.... only subordinate to My might, which only gave it an easy commandment, the obedience to which would have broken any constraint imposed on it....

And when Lucifer realised this he thought about ways to stop the human being from obeying this commandment, and since he knew the first human being's body he tried to make him dislike it by portraying it as a shackle.... by making freedom from it dependent on **transgressing** this commandment.... and thus incited the original spirit to inwardly revolt against Me again for not having given it complete freedom.... It was a deliberate deception which the first human being could have resisted by merely adhering to My simple commandment.... if he had been satisfied with his possession of might and strength which made him truly happy until My adversary aroused an impure desire in him.... to be greater than the One, Who was a perceptible power above him.... of Whom he knew and Whose commandment he nevertheless disregarded....

The first human being's fall into sin was therefore a repetition of the original spirit's first fall. It followed Lucifer and drew innumerable beings into the abyss with him.... just as all descendants of the first human being were afterwards also placed into the weak state of sinful people until Jesus Christ came to their rescue, until Jesus Christ acquired the strength of will on behalf of humanity through His crucifixion, until Jesus Christ opposed Lucifer's temptations with His strong will and defeated him....

Nothing could have induced the first-created being, Lucifer, to cover the earthly progress as a human being as long as he still considered himself lord of the spiritual world which had deserted Me with him, for he himself did **not** take the course through matter, through creation, before the creation of the first human being.... As a spiritually tangible spirit he was volitionally still My strongest opponent, he deemed himself lord over the creation which sheltered the spiritual substance that belonged to him, although he himself had no influence over it. His inner resistance was still unbroken, and he would never ever have put up with any coercion, he would never voluntarily have entered a form created by My will.... because he hated all forms for the spiritual substances, all works of creation, and sought to destroy them.... However, his power over the works of creation had been taken away from him, but then he was granted influence over the soul when this was to make its free decision again for Me or for him.... He also knew that he was unable to destroy a form himself once it was inhabited by spiritual beings, and for this reason he inspected the first human being's form **in advance**, for his goal was to induce the original spirit which was to occupy it to destroy its own external form.... because he believed that he would thereby provide it with the freedom which I had taken away from the spirits due to the works of creation.... He wanted to stop Me from completing the plan of Salvation.

The opposition between Myself and him existed ever since his apostasy and will never be given up by him until he realises that he is completely powerless, and in profound weakness and humility appeals to Me to give him strength.... For this reason it would have been impossible to give **him** the first human body as an abode. For his will did not aim for ascent, whereas the past resistance to Me by the spiritual essence, having passed through creation in the state of compulsion, had already diminished and it was merely to prove just once more that it had abandoned its opposition to Me and My strength of love. And Lucifer knew how far this spiritual essence had already distanced itself from him, and he also knew that there now was a risk of losing it entirely. And since the original spirit embodied in the first human being had once been his staunch supporter he was particularly interested to bring it to fall.... But he also knew of its present desire to become free from every physical restraint....

And then I placed a second being at this original spirit's side, which simultaneously was to support but also help him with the test of his will. Each one could have supported the other to arrive at the final objective; I did not place the responsibility on one shoulder **alone**.... I gave the commandment to both, and both were able to attain the goal together.... And this second being was used by Lucifer, who recognised its weak will and thereby hoped to achieve his objective.... The test of will had to be demanded from the first human couple, and in support of this test adverse forces also had to be active, for Lucifer fought for his living creations too, which he did not want to surrender even though they belonged to Me as well. His plan succeeded, nevertheless, it did not stop Me from giving countless beings time and again the opportunity to take on a new form in the human beings of this earth and thus to achieve an ever higher degree of maturity even if, due to the fall of the first human couple, the gate to the kingdom of light remained closed until the arrival of Jesus Christ....

The first sin had delayed but not cancelled the spiritual beings' redemption, for what the first human being had failed to do was achieved by the human being Jesus.... He was stronger than My adversary for He availed Himself of My strength.... He was and stayed in contact with Me through love and voluntarily accomplished what the first human beings did not fulfil as a commandment.... He completely subordinated Himself to My will and proved His devotion to Me through His suffering and death on the cross.... He knew of the original sin and the first human beings' repeated guilt, and in order to cancel this guilt, in order to redeem humankind, He offered to bring Me a sacrifice, which was satisfactory to Me.... a sacrifice, which opened the gate to the spiritual kingdom again, the path to Me, and now enables all My living beings who acknowledge Him as Son of God and Redeemer of the world to become blissfully happy once more....

Amen

## Who was embodied in Adam?.... I.

B.D. No. 7463

November 26th 1959

**Y**ou will always be directed correctly by My spirit and mentally guided into truth. I have given you this promise and it will come to pass as soon as you want to be instructed by Me Myself through the spirit. For My spirit in you is My share, it therefore knows all that which you would like to know.... In the beginning only supremely perfect spirits existed, for My tireless spirit of love created them for its own happiness. This spirit of love yearned to receive the same love in return, It yearned for a like-natured being, and possessing it initiated the act of creation, insofar as that this being came forth from Me first. From then on I wanted to share with it the bliss of creating, because it is extraordinarily blissful for a perfect being to time and again create through its will and strength the same beings in all magnificence and constant urge to love, which thus resulted in creating. And My first-created being, Lucifer or the bearer of light, experienced the pleasure of creating in the same way, and it was inconceivably happy.... I allowed it complete freedom, for it was devoted to Me in profound and purest love, I did not limit its creative power since My strength of love constantly permeated this first-created being and because its will, too, was entirely free but nevertheless utterly concurred with Mine, because its love for Me shone brightly to the highest degree.... Consequently, only like-natured, supremely perfect beings were able to emerge from this bond of love.... beings, which were true images of Me Myself, just as the first-created spirit had been in the beginning. When the division of his will started, when Lucifer, in full possession of strength and light, began to compare himself with Me.... when his love occasionally lessened and a certain amount of selfish love broke through, it also occasionally lessened the bright shine of his nature and this affected the beings as well. Nevertheless, these beings had been created through his will and thus My permeation of strength, they equally still emerged in supreme perfection but now and then also started to direct their will wrongly, since it was and remained completely free in all beings which arose from our **mutual** will and strength. The beings took on the nature of their creator but since My strength of love was their fundamental substance they were also divinely natured; they were perfect because nothing imperfect can emerge from Me and My strength, however, free will is part of a perfect being and this was able to develop in **every** direction.

Thus it cannot be said that the beings were forced to conform to their creator's nature, because the strength from Me, which was always involved in the creative process, always guaranteed that, after the first being was created, nothing inferior would emerge from its creator's will.... because free will is bestowed upon **every** being and this required every being to experience its own test of will. And this **free** will resulted in the fact that the fall into the abyss also included beings which emerged from us first, whose intense light of love should never have allowed for it but who misused their free will just as Lucifer, the bearer of light himself, whose exceedingly magnificent nature should never have come to fall because he possessed brightest realisation.... But for this reason, his fall has to be condemned even more just like the fall of those first beings.... just as, the other way round, the later created beings stood firm and detached themselves from him when they were allowed to use their right of self-determination and chose their Lord.... And one of those fallen original spirits was Adam, whose soul was entitled to embody itself as a human being due to its maturity but this nevertheless did not protect

him from falling for a second time.... because once again his free will failed.... but not because he was too weak to make the right decision.... He wanted to be greater than God.... That was his original sin and it was the renewed sin in paradise.... And I wanted to create children for Myself who see their Father in Me and after whose love I longed, because My immeasurable love constantly desires reciprocation.... This love was the basis for My whole act of creation, the creation of all original spirits and later of earthly-material creations, because I want to attain this love one day, if only after an infinitely long time.... Time and again I try to make you humans understand the magnitude and profundity of My love, yet as long as you have not become love yourselves, as long as you have not shaped yourselves such that My strength of love can permeate you again as in the beginning, you will be unable to comprehend the depth of My love.... However, you should know that you are able to touch My heart, that I will fulfil your every wish, that I guide you into truth and bestow light upon you because I know that only light causes happiness, because light originates from love and you possess all My love, even if you are unable to feel it.... But time and again I will provide you with the evidence of it....

Amen

## Who was embodied in Adam?.... II.

B.D. No. 7465

November 28th 1959

**Y**ou can come to Me in every adversity, whether you are troubled by earthly or spiritual matters, for I love you and gladly want to grant your wishes: My spirit of eternity impelled Me to create.... My love was greater than great, My wisdom unsurpassed and My power infinite.... Love, however, was strength Which wanted to become effective, Which wanted to express Itself, It wanted to create things which, in turn, gave Me an abundance of pleasure. Unable to give Itself away My love looked for a vessel to pour Itself in, that is, It created Its own vessel, since apart from Me nothing existed which could have caught My immense flow of love in order to experience its bliss. And from within Myself I externalised this vessel as a like-natured being, as My image. The fact that the **same** creative spirit and creative will was just as inherent in this being as in Me Myself was inevitable or it would not have been in My 'image'. It was actually My will that the being should feel the same bliss of the 'creative' act, and therefore countless similar natured beings came forth from our mutual strength of love of will.... a creative act which can only be hinted at to you humans but not explained in-depth.... But now you must distinguish between My living creations, which emerged from My strength **and** the beings will, and the first-created being, which **My** love alone externalised from Me.... This being, Lucifer, had the right to be regarded as a God-like being until it fell.... I had placed it by My side and merely required it to acknowledge Me Myself, that is, to acknowledge that I created it out of My strength.... and it would have remained the most blissful being which could have created and worked next to Me as a true image which was entirely permeated by My strength, with the exception that due to this permeation of strength it was dependent on Me.... However, this would have been a dependence which the being would never have needed to feel, had it continued to share the same will and the same profound love as Mine.... It did not comply with My request, it refused to acknowledge Me as the source of strength and thus descended into the deepest abyss.... It also took many followers along.... beings, which our mutual love and strength and will had created. The path My first-created being takes is entirely its own choice.... The path of the spiritual beings he pulled down into the abyss with him is subject to My will, that is, I prepared a path for these fallen beings on which they can and will return to Me, their Creator and Origin of eternity.

Lucifer, too, would have been able to take the same path, which I, in My wisdom, recognised as being successful, however, I once created him as a completely free being and as a completely free being he has to take the path of return independently.... He was in My image, he was not in a state of dependence on Me, because Love would never have allowed for a lessening of strength on My part.... He was My image whose free will I respect, regardless of how wrongly directed it is.... I will not force him in any way, and I will wait until he voluntarily starts his return to Me.... But as yet he is far from it.... And if it is said: Lucifer incarnated himself in Adam, then it relates to the evil which can be found

in all fallen beings.... His satanic spirit, thus everything opposed to God, must go through the embodiment as a human being, and thus Adam, i.e. the embodied original spirit within him with all its evil instincts and inclinations, also had to take abode in the human form in order to discard this satanic spirit, in order to completely turn to Me again, Whom he, as a human being, was certainly able to recognise as his God and Creator of eternity. Even Lucifer would have had to take the path through matter, through all creations, should a human form be available for the purpose of a continued re-transformation towards Me.... For his still utterly untamed spirit would have burst every form, as indeed was the case when he entered the first form in order to test it.... It only consisted of soft and compliant matter which would have been unable to contain My first-created being's untamed spirit.... whereas Adam's original spirit had already sufficiently matured so that he felt comfortable in this form up to a point and he would certainly have been able to resist the temptations Lucifer employed in order to regain the fallen brother who was fast approaching the goal. Lucifer was My adversary, and he still is and will remain so until the very last spiritual being he pulled down with him into the abyss starts on the path of return to Me.... Only then will he, too, change his mind and voluntarily hand himself over to Me, but it will still take eternities until this goal is reached....

Amen

### Was Adam the only human being created by God?....

B.D. No. 8236

August 10th 1962

**B**ut now the question will arise in you how the whole earth came to be populated with people.... This is a valid question, for there were many original spirits when the first original spirit Adam embodied himself, and all of these original spirits wanted to continue their course of development and engender themselves as souls in a human being because they knew that their final return to Me could only take place in this way.... And I also gave human covers to those original spirits who consciously wanted to take the path across earth.... I created a large number of human beings, for only one thought by Me sufficed and every fully matured original spirit received its external form, and each form was physically created such that procreation would take place in accordance with My will, in order to continually provide an opportunity for incarnation to the souls which were also gradually reaching their full maturity. But I restricted the regions of the first forefathers.... You should understand that I allocated the prepared land to the human beings....

Yet the **first** people.... Adam and Eve.... had to take the test of will, and as a result of their fall the whole human race became weakened. The disobedience against My divine commandment had, due to My adverse spirit Lucifer, likewise arisen in those original spirits, and the hereditary sin.... which consisted of changing the pure, divine love into selfish love, was repeated in these human beings too, for My adversary tempted all people, and his enticement succeeded because people still had too little knowledge of him who wanted to cause them to fall again. And people spread across the entire earth, but Adam was and remained nevertheless the founder of the human race, and people were informed of the descendants of **his** house and the following generations were recorded until the birth of Jesus, Who descended to earth as a result of the inherited sin in order to redeem humanity....

Since Adam, after Lucifer, had been the first fallen original spirit, he was also the first to be embodied as a human being, and if he had observed My easy commandment he very quickly would have shed his external form, and all other original spirits would soon have given up their resistance as well, they unconditionally would have given themselves to Me, and their return to Me would have been guaranteed.... Yet his disobedience was another opposition to Me, it was a repetition of the first sin of rebellion against Me.... However, owing to Adam's fall Lucifer had regained power, and he used it on each generation which, being as weak as Adam, did not resist and remained weak until Jesus arrived in order to help them.

You humans should know that I populated the whole earth because many of the fully matured original spirits desired their last embodiment on earth and because every one of these original spirits was entitled to undertake the final test of will within the human being.... There were a large number of

them, and every one had many followers, original spirits which had followed him and time and again joined him again. And for all these I chose the living conditions which suited their various inclinations, and thus, having created its human external form, I placed every original spirit appropriately, consequently reproducing himself corresponding to My will and My natural law.... The procreation method was the same everywhere, which is why I always joined the original spirit with a second spirit....

Thus the creative act of the first human being was repeated time and again in regions which were inaccessible for the individual human tribes, for My creation of the earth had been so comprehensive that the process of further development everywhere necessitated the original spirits to incarnate in the human being and for this I created the first prerequisites.... And only after a long period of time had passed did the various tribes make contact with each other.... Their spiritual development, however, had advanced entirely differently.... all depending on the degree of love within each person. But they all can be instructed by Me Myself when their resistance diminishes and My commandments are heeded again, and the human souls will come to full maturity, for the divine Redeemer Jesus Christ accomplished the act of Salvation for **all** human beings, and the knowledge of it can also be brought to **all** human beings through people or through the working of My spirit.... Nevertheless, Adam's direct descendants will accept this knowledge more easily and hence belong to the human generation which will find redemption while still on earth, so that the souls will be able to become free while still on earth if they accept Jesus Christ's act of Salvation Who, apart from the original sin, also took Adam's past sin upon Himself and thus purchased humanity's salvation from My adversary through His death on the cross....

Amen

### **Was Adam the only human being created by God?....**

B.D. No. 8237

August 11th 1962

(Continuation of no. 8236)

You are most certainly working according to My will when you distribute the spiritual knowledge which is conveyed to you from above. For it is important to provide clarification to many more people who genuinely want to receive it.... Time and again I tell you that people have considerably diverted from the truth but that they hold on to their wrong thinking because even a **correct** clarification does not seem acceptable to them. However, it is the time of the end, and the length of time from the start of a period of Salvation until now is too long that evidence could be produced regarding the events which took place when the first human beings took possession of the earth. Yet even the first people themselves lacked a correct realisation, since they were burdened by the original sin, from which they could have liberated themselves had they passed their test of will.... They were spiritually still unenlightened and unaware of the correlations between the spiritual and the earthly kingdom, since due to Lucifer's temptation they changed their love when the pure spark of love from Me became clouded due to their fall into sin.... otherwise it would have been impossible for people to descend ever further until the human race, Adam's descendants, lost itself in unbelief, for the sin to get out of hand.... They didn't recognise the correlations and lived a purely earthly life. And although time and again beings of light embodied themselves on earth, too, in order to give people instructions and explain the purpose of existence to them their thinking nevertheless remained limited, and thus **limited** thinking was then also reproduced, the condition for profound wisdoms didn't exist.... which includes My reign and activity throughout the whole of Creation. But neither did people's limited thinking allow for such clarifications relating to the broad scope of Creation, which can be noted on earth alone and which My might and wisdom, My love for all created beings always and forever animated with the apostatised spirits, which were to accomplish their return to Me on this said work of creation called Earth. And according to their narrow field of vision they also only described the narrow region which they themselves occupied.... And an account was given of the earthly process of development since Adam and Eve, the ancestral parents which, however, does not mean that the same

happened in other places on earth, since these were still so far apart for the first human beings and partly separated by large areas of water, that every territory was a world in itself where the once fallen spirits were able to mature and embody themselves in a human being.

However, every nation has a different idea about its origin, its emergence and its concept of God. And neither does it lack teachers which descend from above, so that people also perceive their earthly task to strive towards an as yet unknown Deity, to call upon it and to endeavour to live in a good and righteous way. And as soon as they develop divine love, unselfish neighbourly love, within themselves, their thinking will also come close to the truth.... Yet time and again it has to be emphasised that all nations endorse different schools of thought but that the knowledge about Jesus Christ and His act of Salvation has to be taken to every single nation so that their liberation from the body can **still** be completed **on earth**. And although the various schools of thought and religions do not match each other, the teaching of love in each one will nevertheless be the decisive factor, and maturity will be attained by the one who lives up to love, and the disposition for this is indeed inherent in every nation.... But people will intensify and deepen their contact with each other around the world and that also means that they can all be informed of Jesus Christ and His act of Salvation, so that He can be acknowledged and the dedication to Him can follow, which then will also lead to unity with Me, to the return to Me, and that release from the physical form will be guaranteed, so that the once fallen original spirit reaches its goal and returns home again into its Father's house to be blissfully happy, as it was in the beginning....

Amen

### **Why do we have to do penance for Adam's sin?....**

B.D. No. 9006

July 2nd 1965

**A**ll your questions will come to nothing as soon as you are offered the pure truth, for this is so easy to understand as long as it is offered to you in the right way. You know that the apostasy from Me took place in a state of brightest realisation. Consequently, all beings were equally responsible for falling away from Me, they could not have been forced by the adversary's will to revolt against Me, instead the 'rejection of My strength of love' was every being's own affair.... Free will made them become sinful which, at the time of the apostasy, had not been subject to My adversary.... because they had the right of self-determination.... it was still able to make a free decision and thus consciously chose the adversary. But now the latter had control over his followers, and this control was taken away from him by Me by letting Creation arise in order to induce the strength which, through the apostasy, had become incapable of any kind of activity, to become active again in different ways.... Thus, the adversary gained nothing from his followers and was only allowed to exercise his power again once the being had regained its self-awareness in the stage as a human being. And I had to leave him this right, on account of which he was then able to tempt these beings. And so he did with all manner of cunning and trickery, he understood how to deprive the first human being of his faith in My Word again which promised them eternal life if they followed My easy commandment. In this human being, Adam, an extremely strong spirit was embodied, whose fall was easily achieved yet again by the adversary.... So was it not obvious that no spirit would have been able to resist him who became subject to the same artful temptations by My adversary? It is not about the fact that the descendants had to do penance for the first human beings' sin, but it is about the fact that I.... had the first human being resisted these temptations for love of Me.... would, for the sake of compassion, have done the same as Jesus, the human being, did at a later time: that He accomplished the act of atonement for the sake of **love**.... that I would have been satisfied with the strength of resistance by the one person who handed himself over to Me and should have enabled My illumination again....

And for his will of love I would have written the guilt off, and the path across earth as a human being would merely have served everyone to kindle the love for Me into brightest fire. Instead, My adversary had proved his power over the first human beings and thus did not surrender the right to subsequently use his artful temptations on every person, which I cannot deny him due to the fact that

the beings once **voluntarily** followed him into the abyss.... Hence you cannot say that these people will now have to do penance for the sins of their ancestors but it has always been up to each person to prove himself during the temptations and he will also receive the strength from Me to do so, for I bless this determination and will never abandon such a person to My adversary. However, the first people could have helped their descendants to have an easier life on earth, but since they failed, it was not possible to protect the latter from the adversary's temptations.... unless they appealed to Me for My protection and then their earthly path was indeed an easier one, which was also the case with those original spirits which were receptive to instructions from the world of light and over whom My adversary no longer had full control. Therefore, the fact that those people always had an easier earthly path, that they did not fall prey to My opponent's enticements, that he did not keep full authority over them, is a sign that I have helped and always will help every soul which starts earthly life less burdened and whose will is already devoted to Me.... that I therefore do not indiscriminately give grace and strength to souls to accomplish their path of return.... However, time and again I have to mention that the first human beings made the whole path of return more difficult because of their failure, it would have been far easier to navigate had the strongest, once fallen spirit resisted and followed **My** easy commandment, had he believed more in **My** Words which promised him eternal life.... and through his resistance had broken the power, which then would have made it impossible for the adversary to use it on his followers, for this victory would have affected all fallen spiritual beings....

Amen

**Question: what would have happened had Adam not failed?...**

B.D. No. 8675

November 16th 1963

**I** want you to ask questions so that I can instruct you truthfully.... For these questions, too, are placed by Me into your heart because I know what you still need, and I want to give you enlightenment. You humans will find it impossible to understand all spiritual correlations down to the last detail as long as you are not yet so perfected that I can completely permeate you with the light of My love which then will also guarantee you the brightest knowledge. Yet I can already inform you beforehand in relation to your intellectual capacity so that you need not fall prey to wrong thoughts and become receptive to misguided teachings:.... The guilt of the beings' which had fallen away from Me was immeasurably huge.... However, it primarily consisted of the fact that they no longer wanted to acknowledge Me despite their state of light which clearly revealed their former origin to them. They sinned against Me in spite of better knowledge. Nevertheless, My love for them was so great that I made their return to Me dependent on their full acknowledgement of Myself and the admission of their guilt of having sinned against Me as their God and Father. But it always has to be emphasised that due to their apostasy My adversary had taken possession of the beings and that they were too weak to release themselves from his power.... Only **love** could give them the strength to free themselves from him.... **Love** was the **only** means which rendered the adversary powerless, only love could conquer him.... Yet the beings had voluntarily renounced love, they repelled My illumination of love and thereby were completely at My adversary's mercy. I, however, gave the first human beings the opportunity to accept love from Me again.... I endowed them with every gift and ability, and they had dominion over the whole earth.... I offered them an infinite measure of love which they merely needed to reciprocate by fulfilling My not too difficult commandment.... By **reciprocating** My love they, in turn, would have gained a measure of strength with which they could easily have resisted My adversary and released themselves from his bondage, and by fulfilling My will they would also have confessed their past sin.... they would have entered into My will again and every being, living on earth as a human being **after** them, would have done the same....

And thus humanity repentantly would have returned to Me within a short time, for Adam's inherent strength as a result of his **right kind of love** would have transferred itself onto all his descendants, the complete spiritualization of the once fallen beings would have proceeded swiftly, precisely because the first human beings would have recognised their immense original guilt and through heartfelt love

for Me would soon have removed it. For a sin against love.... a sin against Me Myself.... could only be cancelled through **love** again.... And truly, what I bestowed upon the first human beings when they took possession of the earth should have ignited their love into the brightest blaze.... For I only demanded 'love' as an atonement.... which was then.... because Adam and the human generation had failed.... shown to Me by the man Jesus to such an extent that he thereby redeemed the immense guilt.... **Only love was able to atone for this guilt.** And the first human beings truly **could** have mustered love, for their surrounding creation offered them incomparable glories which, after the agonizing state of constraint, made them blissfully happy and this beatitude could also have triggered a divine love within themselves, a love which only ever had to give thanks and praise and could have inspired their deeply felt devotion for Me....

Yet for the sake of testing their will, which previously had been misused, I also had to grant My adversary the right to fight for his followers during their earthly life. And in order to reveal to the first human beings the great danger of a repeated offence against Me I only gave them an easy commandment which they were able to fulfil and had to fulfil if their love for Me was going to be able to reach this said degree which ensured their complete devotion to Me, which totally would have deprived the adversary of his power. He, too, tried everything to bring the first human beings to fall, and thus he opposed My easy commandment with a promise which, however.... because he was My adversary.... consisted of a lie and he impelled the human beings into the **wrong kind of love**.... He promised them that they would be 'like God' if they transgressed My commandment, he portrayed **Me** as a liar, since I had announced their **death** if they disobeyed My commandment.... And people believed **him**, not Me. And this was the repeated grave sin which also placed all descendants into a state of weakness so that they could no longer liberate themselves from the adversary on their own and which subsequently necessitated Jesus Christ's act of Salvation, if people were to one day be delivered from utmost adversity....

Time after time I emphasize that **only love** was able to atone this immense guilt, that Adam would indeed have been **able** to demonstrate this love to Me but that due to his fall and after his fall no being was capable anymore to muster the kind of love which would guarantee the redemption of the immense original sin.... and that the loving act of redemption therefore had to be accomplished by Me Myself, Who manifested Himself in the human being Jesus....

Thus the human being Jesus had an abundance of divine love, and in His love He suffered the sacrificial death on the cross, because no human being would have been able to return to Me without this act of Salvation, because My adversary will not release any soul and on its own it is too weak to liberate itself from him.... And because I have known since eternity that the first human being would fail, Jesus.... God's only begotten Son.... offered Himself for this act of Salvation, and He accomplished it because His love for Me and for all wretched souls was beyond measure....

Amen

**God's plan of Salvation.... Original sin.... Adam's fall.... Work of redemption....**

B.D. No. 6973

November 20th 1957

**T**he work of redemption began with the emergence of the creations in the universe.... it began with binding the hardened spiritual substance in the form, thus with the shaping of material forms which at first were spiritual in substance themselves and then also sheltered spiritual substances within themselves which had already gone through a certain process of development. The spirits which once had deserted God had distanced themselves from Him to a point that God's strength was no longer able to touch them, therefore they became immobile and rigid, they became hardened in themselves. And during this time they belonged to God's adversary and would never have changed their situation. But it was God's plan to provide these hardened spirits with an opportunity to attain a state of splendour which surpassed their past beatitude by far.... God wanted to shape His 'living creations' into 'children'.... which, however, had to be achieved by the creature itself. Hence the created being, which had rebelled against God in free will and consequently fell abysmally low, had the opportunity to

completely voluntarily ascend to maturity again in order to then be able to achieve the work of deification.... but it had to be **lifted** out of the abyss since it was no longer capable of ascending by itself due to its total lack of strength. And God provided this help for the fallen spirits by letting the creation arise, by shaping the hardened spiritual substance through His will into many different kinds of creations. And with these creations **began** the redemption or the return of the spirits to God.

Now the fallen spirits were guaranteed ascension up to a certain level, because **divine** will is the decisive factor in this plan of creation and the adversary has no influence whatsoever on the bound spiritual substances within the works of creation.

Even the continued ascent as a human being would have been guaranteed had the first human beings faithfully lived according to God's easy commandment and resisted the temptations by God's opponent.... for which the first human beings, Adam and Eve, certainly had the strength.... But since they were allowed to use their free will and let themselves be beguiled by the adversary, they failed and thereby made the work of redemption far more difficult for the whole of humanity than it should have been had they used their will **correctly**. Hence the people who followed were considerably weakened by this sin of the first human beings, they no longer had the strength which the former had at their disposal and to a certain extent carried the burden of this sin, so God's adversary had achieved a great deal:

He **endangered** the prospect of people.... the once fallen original spirits.... ever attaining the final goal of deification. And therefore God provided help for them again.... He sent His Son to earth, i.e., a supreme being of light started his process on earth in order to fulfil the conditions as a human being which the first people neglected to fulfil and which devastated them.... He thereby wanted to help them escape their state of weakness, He wanted to enable them again to reach the deification. It was the man Jesus in Whom the Divine Love Itself took abode.... the Father Who wanted to help His children liberate themselves from the adversary and to come back to Him.... He sent His Son to earth, a being Who likewise emerged from His creative strength and Who had to enter a human shell in order to first become a vessel for the eternal Spirit of God Who in this human form wanted to bring salvation to His living creations. But again the human being's free will remains decisive.... For now he first has to acknowledge the divine Redeemer Jesus Christ and accept His redeeming help if he wants to reach the goal of unification with God, of childship to God, which is a state of supreme perfection and beatitude. All fallen spirits are **able** to reach the highest pinnacle, because the act of Salvation by the man Jesus has demonstrated that a human being's will is **able** to offer resistance to his opponent and arch enemy, that **love** is the **strength** of resistance which everyone can kindle in himself.... and because every human being need only appeal to the divine Redeemer for help in order to then also emerge as a conqueror of death and attain the life which can only be found in unity with God.... and which also proves the release from God's adversary, who only ever endeavours to keep all created beings in the abyss, in the state of death. Hence 'redemption' means 'release' from the one who brought death into the world, redemption means accepting Jesus Christ's help, for without him the human being is weak as a result of the original sin and the sin of his ancestral parents, which were only atoned for by Jesus Christ's death on the cross....

Amen

### **Spiritual state before the crucifixion.... Book of Books....**

B.D. No. 8397

January 30th 1963

**Y**ou humans often wonder why My eternal plan of Salvation is not clearly and distinctly mentioned in the Book of Books so that all people would be able to know what forms the basis of their human existence.... Consequently, you doubt the revelations which inform you of this in depth.... However, you should bear in mind that people's spiritual state **before** My birth would not allow for such knowledge, that people would have been unable to understand it, because prior to My crucifixion My adversary still ruled supreme and he would never have allowed any light, instead the darkness constantly increased since only a few people kindled a light within them as a result of their

life of love. Although they knew of a God Who had created them they lacked all deeper realisation and therefore also the knowledge of their relationship with their God and Creator. They certainly knew that I expected them to abide by My commandments which had been imparted to them through enlightened people.... whom I had sent to earth for the purpose of instruction. And had they lived their life according to My commandments they would indeed have gained a small degree of realisation. But the knowledge about everything that was still hidden from them could never have been academically taught, for their intellect would have been unable to grasp it and their souls, due to their still unredeemed original sin, were not highly mature either. For this reason even the prophets were generally reluctantly listened to, because people, had they cared to heed them, would have had to limit their pleasure in life. There were only ever a few exceptions with the desire to be obedient to their God and Creator and to be of service to Him. And in individual cases they were indeed granted knowledge which they recorded but which did not remain preserved when My adversary's influence on people became increasingly stronger so that their spiritual state, shortly before My birth, was exceptionally low.... and therefore no longer receptive to such knowledge.... Then I Myself came to earth and brought a light into this extraordinary darkness.... But even then My light was only able to shine where My adversary was unable to assert himself, where the desire to live according to divine order motivated people to live a life of love.... I was able to grant a small light to them already and enlighten them about their relationship with their God and Creator.

Nevertheless, even these instructions only took place from person to person, because I knew every individual's degree of maturity and prevented that these, too, would be turned into academic knowledge, which indeed could have been passed on through tradition but which would have remained incomprehensible to anyone who had not yet ignited a light within himself through love.... Through My act of Salvation the original sin had been redeemed and My spirit was able to work within a human being whose kind-hearted activity allowed for it.... For even then I taught that love is the most important.... Anyone who lived up to this commandment was also instructed by My spirit and attained the knowledge he needed in order to fulfil his purpose of earthly life.... And this is what you **need** to fully mature in your soul.... The psychological work is paramount and everything that induces you to do carry it out will be sent to you by My spirit. And the wishes of anyone with a deep desire to penetrate more profound wisdom will indeed be granted. But since only a few people awaken their spirit to life, a traditionally-imparted knowledge would only confuse them as long as they are still spiritually unenlightened. For this reason, no such knowledge has been recorded on My instructions either, for anyone would be able to attain it if he seriously wanted to penetrate My plan of Salvation. Yet for the majority of people who live indifferently and who are satisfied with the spiritual knowledge they receive by educational means it would never be a blessing if all correlations were clearly explained, for they consist of such profound spiritual reasons which the intellect cannot grasp but presuppose an awakened spirit in order to be comprehended.

No-one who seriously strives for it is denied the right realisation, but this also necessitates compliance with My will, which is revealed to all people and which all people know because they are also told by the inner voice.... by the voice of conscience.... what they should or should not do. And since My adversary's only intention is to spread darkness and to fight against all light he will also always influence people such that they themselves will prevent all inner enlightenment, and he will also try to present the truth in such a distorted way to people that they will lack all understanding for knowledge which deeply penetrates My plan of Creation and which requires precisely this awakened spirit.... That which is contained within the Book of Books is completely sufficient for the complete maturing of the human soul provided everything is being heeded.... Yet even this content is beyond most people's understanding for the letters will remain dead as long as they are not read with an awakened spirit.... And this applies to all knowledge which time and again is transmitted to earth through revelations and is pure truth.... This, **too**, will only be correctly understood and utilised by someone who is willing to love and who is spiritually awakened, and he will then be able to penetrate the deepest secrets and understand My eternal plan of Salvation....

Amen
