Knowledge of the original sin is necessary in order to understand the act of Salvation.... in order to acknowledge Jesus Christ as the 'Redeemer'....

B.D. No. 8806

May 26th 1964

You humans lack the knowledge about the first original sin, consequently you also consider Jesus Christ's act of Salvation just an atonement for your **human** guilt, indeed, you even deny His 'act of Salvation' because.... you believe.... that everyone has to pay for their guilt down to the last coin. This opinion would be understandable if it only concerned the sin you burdened yourselves with as human beings.... but it concerns the immense first original sin, the spirits' apostasy from Me.... a sin.... which you would never be able to atone for, which thus cannot ever be denied, which is the cause of the whole of creation and the reason for My human manifestation in Jesus.

For the apostasy from Me was caused by the fact that the created beings were unable to see Me, and therefore I made Myself visible in Jesus. Anyone who merely acknowledges the past original sin by

the first human beings will find it incredulous that these sins necessitated a 'Redeemer', he will always maintain that humanity could not be punished for a sin it had not committed. And therefore even the sins committed by a person as such are indeed an offence against My love.... but they do not recognise them in their state of darkness, which is the consequence of the immense first original sin. But this sin explains everything, and as long as people do not know about this event of the spirits' apostasy they will find it difficult to believe in the 'divine Redeemer', Who died on the cross in utmost pain and torment for the sake of this immense sin, which He had taken upon Himself in order to offer this sacrifice of atonement to Me. Consequently, every teaching which denies the divine Redeemer... which thus renounces the **principle of Salvation**.... will have to be rejected as a misguided teaching, even if His work as an advocate of the divine teaching of love is emphasised. It concerns the redemption of the first original sin, which only I Myself could accomplish in the man Jesus, and therefore My human manifestation in Him will be comprehensively explained to you, for I Myself Am a Being which cannot be seen by any of My living creations without their ceasing to exist.

If I thus wanted you to be able to conceive Me visibly it had to take place in the form of a being like yourselves Which, for you, was the human being Jesus. Consequently, it is first of all necessary to know about the event of the beings' apostasy from Me in order to then understand the process of creation of the visible world. Then you will also be able to understand the everlasting battle between light and darkness and the appearance of a **Saviour** for humanity in Jesus Christ... of a non-fallen original spirit... in Whom I embodied Myself, because you had no concept at all of the 'all-creative strength'. And for this reason you can and have to acknowledge a Redeemer, Who died on the cross on behalf of everyone and Who also prayed on behalf of you humans for the remission of your sins. But it cannot be granted to you instantly, rather, you have to apply to Him yourselves because the fall happened voluntarily and thus the return to Him will also have to take place in free will. The fact that a person who seriously strives for perfection will, apart from the original sin, also be forgiven for his sins as a human being need not be doubted, hence all guilt will be forgiven and thus forgiveness is ensured. But since Jesus is only rarely recognised as Redeemer by those who accept the misguided teaching which portrays Him as a human being and ascended master and who do not want to acknowledge My human manifestation in Him, they do not ask Him for forgiveness of all their sins either. For there is only One Who can release them from their guilt, only One has the power to cancel all sins.... and that is Jesus, in Whom I Myself became a human being....

Purification of the soul....

B.D. No. 8394

January 27th 1963

All those who follow Me and also take up their cross, will also be blessed by the cross.... All who suffer in submission to My Will will be true followers of Jesus.... Your soul still needs purification as long as you live on earth, for only rarely has a soul purified itself so much in its existence on this earth that it no longer needs suffering, only rarely has an extremely high degree of love brought about the purification of a soul so that it can enter the kingdom of light and bliss as a true child of God. It will always still be burdened with a measure of suffering which will help it to reach the final perfection, so that all dross will have been dissolved and My light of love can now radiate through the soul in all fullness. And I will always give you the necessary strength to carry your cross or take it upon My shoulders and help you carry it if it seems too heavy to you, for then only heartfelt supplications to Me will suffice and you will feel noticeable relief. But you should not try to avert every measure of suffering from you, for then the measure of beatitude in the spiritual kingdom will also be less. But I know what you are capable of bearing, and truly, I will not burden you with a greater burden.... Always remember that you still dwell in the kingdom whose lord is My adversary and that he will wrestle for your souls until your death, and his temptations mainly consist of causing you to rebel against Me, he only ever wants to trigger impatience, displeasure, agitation in you in order to lower doubts about My love in you at such moments.... He wants your love for Me to

diminish and you should not grant him this triumph.... You should be devoted to Me with love and know that even this suffering is determined by My love which wants to cause you all the greater bliss and therefore your soul should become ever more perfect, to which every suffering, borne in surrender, also contributes. This is why I spoke the words: 'If anyone wants to follow Me, let him take up his cross....' All your soul substances must spiritualise themselves, nothing that still belongs to earth should remain attached to your soul, including the urges and passions from the past which you brought with you into your earthly existence as a human being. And often you have to struggle for a very long time until you have overcome them. And all physical suffering contributes to this.... Your soul crystallises and dissolves all slag which prevents the penetration of My ray of love or reduces its strength. But My ray of love means bliss for you, it means right life which lasts forever. Therefore, calmly let your body die, don't be disturbed if you have to suffer but know that you will leave your earthly body all the more joyfully when the hour has come which I have set for your departure from this earth. But also know that I Myself determine this hour and that you can still live for a long time despite your infirmities and pain if it is necessary to complete a task I have set for you.... And as long as this task has not been accomplished you will also be provided with the necessary strength for it, and ever more quietly you will surrender into My will and carry your cross, because then I Myself will also walk beside you as a cross-bearer and the burden will no longer seem so heavy to you. The bond with Me also ensures My constant supply of strength, and My strength is truly mighty in the weak. For as long as I need you, your course of life is also determined by My will, and time and again you will be able to ascertain that everything will work out as it serves you and your task.... You will not need to worry about yourselves, for I will take care of you, and I will also visibly support your mission and bring it to completion. For it is not just about your own life but about the lives of countless people who shall still attain true life through you and who are in greatest spiritual hardship if they are not helped. But since such help always has to be given voluntarily and out of love in order to be successful, I will also not abandon My co-workers who have this will to help and let Me work through them.... And even if their earthly fate seems exceedingly difficult, the soul will nevertheless have the strength and take everything upon itself humbly, because it will constantly increase in spiritual strength as a result and also become the overcomer of its body.... For it, too, will be able to spiritualize its substances, and one day the soul will realize that even the greatest physical suffering has only been a blessing for it....

Primordial centre of light and power...

B.D. No. 8127

March 17th 1962

The greatest spirit of infinity, the creator of heaven and earth, the primordial centre of light and power, reveals Himself to you humans because He loves you.... because you are power that once emanated from Him, which were radiated out as beings and.... since they had free will.... took a wrong path which led them far away from their place of origin.... But this greatest and most perfect spirit is love in its fundamental substance, and love lets nothing get lost.... You humans can indeed live an independent life on earth, you can also think; but you are without knowledge of all spiritual correlations, you are without knowledge of your relationship to this most perfect spirit, to your God and creator from eternity.... And in His greater than great love for all His creatures He reveals Himself to them as soon as they walk across the earth as I-conscious beings, and He stimulates them to think.... He addresses people directly.... The greatest Spirit of infinity bends down to His creatures, which were emitted by Him as the tiniest sparks of light eternally ago.... For these creatures have lost their light, they had voluntarily turned away from Him and strived towards darkness.... But truthful information can be given to the human being if he is willing to receive divine revelations, if he is willing to listen to what the greatest and most perfect spirit of infinity wants to impart to him. And then you will truly also receive a portrayal from this supremely perfect being which will inwardly urge you to seek contact with Him, and you will learn to understand the meaning and purpose of your earthly life, you

will be introduced to profound knowledge, because only your free will is necessary for this, to join that perfect being Which you recognize as your origin as soon as the light of truth is kindled in you.... And every divine revelation is such a light from above which enlightens your hearts and brings back to you the lost knowledge you possessed when you yourselves still radiated as a spark of light in His presence.... Once you were close to Him but you could not see Him because you would have passed away in the face of the primal light and the primal power which made you arise.... (17.3.1962) And now He is close to you, and even if you are unable to see Him, He nevertheless reveals Himself to you because He wants you to recognize Him. For He takes pity on your wretched situation and wants to help you to beatitude.... You humans are addressed by Him, the most perfect being, of Whom you have no idea because He is everything in everything.... because there is nothing which does not testify to Himself.... because everything is strength from Him, the eternal source of strength and light. You were once emanated as the tiniest spark and yet the most perfect being concerns Itself with every one of Its creatures, for incessant love unites It with it, and this love expresses itself to the human being by revealing Itself, so that the human being takes cognizance of his original relationship with that great spirit of infinity.... so that he himself may seek to join Him, so that he may return to his origin.... Man has the ability to be able to think, and therefore God reveals Himself, for man shall come to terms with a knowledge which is imparted to him directly by God.... He kindles a light for the human being who still dwells in darkness as long as he is still completely without knowledge about himself, about his beginning and his goal.... He takes pity on His creature that it walks in darkness, for in this darkness it is also unable to recognize its creator, Who is love from eternity.... But if it recognizes its creator, Who also wants to be its father, then it will also show Him love.... And therefore this supremely perfect being reveals Himself to people in order to inspire them to love, which will ignite in them as soon as only a small light shines for them, which informs them of their original beginning and their purpose on earth.... In God's love the created being took its origin.... God's love pursues His created being until it returns to the eternal love again in order to be ineffably blissful in union with It....

'I Am the beginning of all things....'

B.D. No. 0750

January 21st 1939

I Am the beginning of all things.... Take this to heart when you are moved by the slightest doubt about the creation of everything you see around and above yourselves. If My power is thus sufficient to call every life form into being, what kind of strength would then be necessary to oppose this creative will? An equally destructive will perhaps?.... In that case a second Deity would have to be at work next to Me, whose expression of strength would run contrary to My own activity. Anyone who imagines the Deity as an imperfect Being can truly place many such gods next to this One, yet he will not have the right kind of concept about the one true Deity, Which has created everything and controls all. Anyone who wants to recognise Me must believe.... and subordinate himself as a creation to the Creator.... And he will become enlightened, and in this light he will see Me as the Ruler of the universe.... He will realise that no opposing force is able to counteract Me by working destructively where I Am creating.

Only the physical transformation of the earth's surface has been left to the human being's free will, so that people's creative urge, which I likewise have placed into their hearts, can occupy itself. Thus they can more or less act at their own discretion but they nevertheless will always have to recognise their own inadequacy and always be dependent on the omnipotence of the Creator and the activity of natural forces and cannot oppose them arbitrarily. Thus nothing is more understandable than wanting to ascertain the almighty Creator and yet nothing is more impossible.... Human intellect is not sufficient by far to fathom Me in My full elementary power.... and it will be even less possible to categorise Me, that is, to put My Being and Becoming into any kind of form which seems acceptable to the human mind. This is a hopeless undertaking which could never produce a satisfactory result, for I was, I Am.... and I forever will be an inscrutable Spirit Who harbours within Himself everything that

can be found in the entire universe.... to Whom creation is subordinate because it originated from Him.... and Who is the beginning and the end of all things.... the Spirit of Love from eternity to eternity....

Amen

Primal law: love....

B.D. No. 5693

June 5th 1953

The primordial law is love, the primordial power is love, and all material substance is love in its primordial substance.... Accordingly, the highest being, the eternal deity, must also be love, as well as all beings which have emerged from it. Love is a strength and therefore always effective as long as it remains in contact with the original source of all strength.... For God, as the original source of strength, emanates it according to His eternal order, to work in love according to His law.... Therefore, all beings called into life by Him will be able to use the strength of love without restriction, because it rests in them as a sign of divine origin, however, only **as long** as the being moves within the law of eternal order, as long as it wants to use the strength of love according to **divine** will. For God's will is founded in His love, God's will always corresponds to the eternal order and is likewise original law. If the being steps out of divine order then it also steps out of God's flow of love; thus it relinquishes its strength because this does not work extralegally, because love cannot step out of order because it is God's elementary strength. Therefore it will also be understandable that one can only speak of God's power when an effect of love is recognizable, and that nothing ungodly can make use of the power out of God, because God's power is **love**, but love **cannot** be outside of God. (5.6.1953) And thus it emerges from this that the eternal order must absolutely be observed where the strength of love wants to express itself, that therefore the being can only then be addressed as a divine being again when it lives in God's eternal order, because then it is again permeated by the divine strength of love and thus is also powerful and full of light itself, because the strength of love also has its full effect again.... Then the being will be able to create and shape in the same will as God, because the strength of love constantly urges it into activity, because divine strength never rests but generates constant life. The state outside of divine order is a state of death, of powerlessness, of torpor; but **life** is only conceivable in divine order, and divine order is **love....** The beingness which moves outside of divine order would have to completely perish if it were not strength emanating from God, which is love in its fundamental substance.... And this strength is imperishable, or.... what emanates from God **can** never pass away.... But everything positive in itself can turn into a negative, and this therefore means a state opposite to the divine light and power.... Darkness and powerlessness, therefore, an ungodly and therefore unhappy fate. But God, as eternal love, does not turn away from these de-divinized beings.... He seeks to lead them back into His lawful order, He illuminates the cold and hardened being with His strength of love, and if it opens itself, thus surrenders itself without resistance to the influence of this radiation of love, it slowly returns to divine order.... it brings the love within itself to unfold again and uses the strength of love which now flows towards it again to work in love.... it itself becomes full of strength and light and returns to the original source of love.... it reunites with God, from Whom it once took its origin....

Amen

In the beginning was the Word....

B.D. No. 5414

June 16th 1952

In the beginning was the Word.... and it will be for all eternity, for I Myself Am the Word, Who is without beginning and without end and yet spoke the Word in the beginning of everything that emerged from Me, in which My strength expressed itself. My Word resounded for that which I created, that is, it heard My Word within itself, it recognised its thinking ability, it was able to

exchange itself with like-created beings and that which came alive in it as a thought was My Word, the transfer of My will, My knowledge and My love onto the beings which had originated from Me.... I was eternal, there was no limitation for Me, unimaginable light and strength radiated from Me, yet My Word, the expression of My abundance of thoughts, found no resonance because apart from Me there was nothing of substance which was able to absorb what flowed out of Me, which as it were formed the resonance for My Word but which in turn could not have been **anything else** as I was Myself because otherwise it would not have been able to bear My emanating flood of love. The act of creating a being like Me was therefore a need that corresponded to My fundamental nature, for love, the epitome of My nature, wanted to give, to make happy, to give away its inherent power. And love therefore created a vessel into which it could pour itself.... My love created a being in equal perfection, and now I distributed Myself by transferring My will, My thinking and My love onto this being, and the transfer of that which had its origin in Me was 'My Word....' I Myself entered into the being created by Me and this being was now able to think, will and act like Me because My Word taught it, because My essence was reflected in this being created by Me. In the beginning was the Word.... Only through My Word did the first-created being recognise itself, and it also recognised Me; only through My Word, through the manifestation of Myself, was it able to recognise itself as a being, it was able to form its own thoughts which, however, were only conveyed to it by Me Myself, which were the Word spoken by Me within it which manifested our unity. For I was the creating Power Which was able to create beings in My image, I was the original centre Which radiated Its strength into infinity and was able to utilise it according to Its will. The 'giving' principle in Me therefore required a 'receiving' being in order to be able to make it happy. But this being had to be able to recognise Me, and I revealed Myself to it through the Word.... which was the same as My emanation of love, which gave life to the created being, which enabled it to work as a freely externalised being in wisdom and power.... to recognise Me Myself and, out of this realisation, also to carry My will within itself.... For the Word is the moulded thought which emanates from Me and is imparted to the being and which determines its activity.... The Word was in the beginning.... Only that which was created by Me needed the Word, the transmission of My thoughts in a form which could be received by the being, through which it now remained in constant contact with Me and also in constant bliss. And since that which was called into being by Me can no longer cease to exist in eternity, My Word will not cease to exist either.... It will always be the expression of Myself to My living creations, it will never ever be changed.... Heaven and earth will pass away but My Word will continue to exist for all eternity....

Amen

"I am from eternity...." Lucifer's creation....

B.D. No. 5598

April 10th 1953

I am from eternity and I will be for all eternity.... I am the highest and most perfect being, and countless beings emerged from Me, also in perfection, because I could not create anything but perfect.... And thus this being created by Me was also full of power and strength, it was not limited in its activity, thus it was able to create and shape like Me because it used My strength which it drew from Me without limitation. The emanation of strength into My living creations was a process which made Me unspeakably happy and stimulated My will of love again and again to supply My living creations with My strength.... Yet I constantly did this through My first-created being in order to make it equally happy and to stimulate it into creative activity. Yet My emanation of love no longer found resonance there.... the first-created being did not acknowledge Me as the source of strength but believed itself to be the producer of this strength because it was able to create of its own free will and therefore did not want to acknowledge anyone above itself. And this was its undoing, for it volitionally detached itself from Me and thus also from love, even though it remained powerful and mighty because I did not withdraw My strength from a being which had created My love. Thus it certainly retained its strength which, however, was no longer strength of love which had a constructive effect but a destructive, disintegrating effect because it lacked love. Nevertheless, this being remained

My creature, for My love cannot turn away from the products of My love. But it had a **beginning**, a beginning, while I am from **eternity**.... This alone should have given this first-created being the evidence that it was not the highest, the first being, for it knew about its beginning.... And this knowledge must have caused its love for Me, for the being Which gave rise to it, to become excessively inflamed, for it was overjoyed in its perfectly created state by Me, and it was able to constantly increase its happiness by creating beings like itself. And this ability to create also had to remind it of the one Who had also given it life.... The knowledge was in it, the first-created spirit, it was therefore the bearer of light which was able to impart all its knowledge to the beings which emerged from its will but which all had My strength as their fundamental substance, which were all born from love which constantly permeated the first-created spirit and originated from Me. And in spite of this realization, in spite of the brightest light which shone through it, the being fell.... It turned away from Me, it repelled eternal love, it no longer used its strength in My will but against Me.... But it could not detach itself from Me.... Nor could it pass away.... although it had once taken its beginning, for it was strength from Me which **cannot** eternally pass away. It could only have a negative effect up to a certain degree in order to change into positive strength once this degree was exceeded. But I never eternally pass away, and what has once emanated from Me also inevitably returns to Me. But then it will have undergone a transformation so that it will recognize itself as a spark of light, so that it will strive towards the eternal light, so that it will find its bliss with Me and in Me, so that I will now radiate through it with My strength of love for all eternity....

Amen

Act of creating the spiritual beings....

B.D. No. 7067

March 17th 1958

It is My will that you shall be enlightened where darkness prevails. People who don't question cannot receive answers, but those who want to know and turn to Me Myself will receive My reply so that they will learn to recognise Me in My love and wisdom and grant their love to Me.... The act of creating the spiritual beings was a spiritual process which will only be understandable to you humans when you enter the kingdom of light. As long as you live on earth it can only be roughly outlined to you according to your level of understanding. Nevertheless, it will not divert from the truth, but it will lack both the deeper reasons as well as the infinitely many intermediate processes which, however, would not contribute towards your enlightenment either. However, you can rest assured that I will not let your thinking become confused, since you only wish to be instructed in the truth. When I created the first being I was only motivated by the thought of creating a vessel for Myself which was intended to assimilate My ceaselessly outpouring strength of love.... because My infinite love wanted to give itself and only ever provide happiness.... My strength of love constantly brought forth all kinds of spiritual creations. Therefore I also wanted to create something that corresponded to Me Myself, thus an image of Me. And My will came to pass a being of supreme perfection arose beside Me which was pleasing to Me, which was indescribably beautiful, it was an image of Myself which from then on was so permeated by My strength of love that it was equally able to be creatively active without limitation. And just as the source of My strength of love had motivated Me into shaping a receiving vessel into which it could flow, the same will and desire also arose in this being to make use of the constant influx of My love's strength and, likewise, to let beings arise from within itself. Thus the same process repeated itself, because I wanted to let this first-created being participate in the incredible bliss of giving life to like-natured beings, for as an 'image' of Myself it was imbued with the same feelings, it was overflowing with love, and the strength it constantly received from Me did not keep the being inactive either.... which resulted in this very process of creating countless beings.... Hence these created beings could **not be different** from My first-created being.... they were supremely perfect, brightly radiant and overwhelmingly powerful spirits which all corresponded to the image I had externalised. Through My influx of strength, which made the act of creating these beings possible in the first place, I was therefore also their 'Creator', although the will of the first-created

being had to avail itself first of this strength of Mine. Hence **all** beings emerged from Me and My first image.... and all beings possessed the same creative power. But **My will** was also active in all originally created beings, the host of originally created spirits were inflamed with burning **love** for Me, because My fire of love was their fundamental element, they had been the products of purest love and therefore all created beings were also positively inclined towards Me....

Endless times passed by in most blissful harmony and a constant exchange of love.... and this state need never have changed. But then the process of creating took on a different form.... which should only be understood in a spiritual sense. This was triggered by the desire of My first-created being, the bearer of light, to see Me. The being's love for Me was still unchanged and therefore it desired to behold Me even though it knew that I, as the 'centre of strength and light' could not be visible to My created beings, which would have ceased to exist in view of My abundance of light.... it would have consumed the created beings.... which were sparks of My light.... and thus a beholding of Me was not **possible**. And because it was unable to behold Me the thought flashed up in it to become independent from Me and more or less present itself to the host of originally created being as 'Creator itself'.... a thought which arose as a consequence of the desire to see Me **despite better knowledge**. As an attribute of perfection all beings also possessed free will which, however, always corresponded to My will. And this free will allowed for the said mental confusion.... Thus the bearer of light, Lucifer, was not prevented by Me from aiming his will in the wrong direction. Even so, the process of creation started to falter, that is, as long as his will no longer harmonised with Mine he more or less closed himself off to the flow of My love, yet always just temporarily, for at first his resistance was so small that love nevertheless came through again and he utterly devoted himself to Me once more, which then also resulted in an unabated flow of My strength of love and thus continued creative activity. But time and again the wrong thoughts kept emerging in him because he did not confide them in Me Myself so that I could have refuted them.... For he temporarily excluded Me without realising that he thereby lessened his strength.... As soon as he loosened the bond with Me through wrongly inclined thoughts the inflow of strength of love also lessened; however, he did not realise this in view of the countless multitude of spirits he had already called into existence through his will and the use of My strength.... Time and again it must be emphasised that My strength enabled him to create the beings in the first place and that only his love for Me gave him the strength.... so it is understandable, that a **reduction** of his love also reduced the influx of strength. And at the same time, every created being was also the **proof** of Lucifer's connection with Me.... thus no other being could arise after Lucifer consciously separated from Me, on account of which all created beings belong to Me as well, for they are 'My emanated strength of love'. And yet a large proportion of all created beings had fallen away from Me.... And that justifies the question as to whether the beings differed in their fundamental substance....

I only externalised **one** being as an independent entity.... And this being was created in My image. Consequently, all spiritual beings which were brought into existence by this being had to entirely correspond to Me and My image again.... They were the same perfect, most radiantly shining living creations, for only something supremely perfect was able to emerge from our mutual love and will, which both corresponded to each other.... beings, which were by no means inferior to the first-created bearer of light.... Hence they were equally extremely powerful and ablaze with burning love for Me, even though they were unable to behold Me. Nevertheless, they recognised Me, for I also revealed Myself to them through the Word. It was an infinitely large number of spirits which glorified Me and sang My praises, which, in reverence, were willing to serve Me and which were only ever active according to **My will**, thus they were images of Me Myself. And this indescribably happy multitude of spirits should have increased the light bearer's love for Me ever more.... Yet various feelings in him began to oppose each other: He saw the gloriously radiating beings and desired to behold Me as well.... Since he was visible to the beings he deemed himself superior to Me and no longer wanted to acknowledge Me as the One from Whom everything had emerged, despite the fact that he **knew** that he, too, had originated from Me. Conscious of the strength permeating him, he began to separate himself from the source of strength.... a process which lasted for an infinitely long time because the desire for happiness repeatedly pushed him back to Me and therefore he repeatedly received strength

again for the creation of new beings. And so these beings, too, consisted of the same fundamental substance, namely of My emanated strength of love; however the sporadic separation from Me also influenced the process of creation to a certain extent, insofar as those beings' will and love was more inclined towards their maker than Me.... but I neither tried to influence these beings nor the bearer of light. Yet they were equally enlightened, they recognised Me as their Creator and were therefore also able to make the **right** decision in free will when this important decision was demanded of them.

My first-created being was connected with **all** beings produced by him, just as I was inseparably linked with all beings because My strength of love had to permeate them were they to continue to exist. My adversary tried to maintain the connection with his created beings even after his will was already opposing Mine.... that is, he also inspired the **first** spirits into turning away from Me and a number of of them succumbed to his temptation, Lucifer also pulled them into the abyss and their realisation should have truly made them abhor his disgraceful plan. And their sin was far greater still, therefore, their path of return will also be considerably more difficult... whereas the majority of the first-created beings remained with Me when the followers of My present adversary detached themselves from Me. The hidden resistance with which Lucifer started to oppose Me resulted in the fact that an infinitely large host of created spirits decided partly for and partly against Me when the test of will was expected of them. For the resistance disturbed the hitherto integrated whole.... My former image was no longer governed by the **same** will, the **same** love, it had caused a rift and this division was also felt by the beings which had emerged from our love, which were now like their maker, even though My strength was involved in their creation. But since this resistance had not been present in the first-created spiritual being, since the light bearer's love and will were completely merged with Mine, it was only possible for such beings to emerge from our love which utterly corresponded to us, whose brilliant abundance of light and unlimited strength were true images of Me Myself as well as of the being which I had externalised from Me in My love.... and which also, with a few exceptions, remained with Me. And the same process occurred in the latter as happened in Lucifer: free will aimed in the wrong direction.... they desired to see their God and Creator and drew the wrong conclusions from My necessary invisibility by acknowledging that which was 'visible' to them as their 'God', who then exalted himself and drew countless beings to himself, which all detached themselves volitionally from Me and thereby plunged into the abyss....

Once all created beings glowed with light and strength, because nothing could have arisen without the flow of My love's strength. The reduced emanation of light only began with Lucifer's reduced love for Me, but this did not mean that these beings were lacking the light of realisation, for at the moment of creating the beings My strength of love also permeated the maker of all the beings again; but these moments became increasingly less frequent until he voluntarily rebelled against Me and was no longer able to receive any influx of strength because he rejected it by believing himself to be just as powerful as Me.... And then his state of mind became dark as well.... He.... who once had been in My image.... became My direct opposite, his nature reversed completely, he had sunk into the deepest abyss and his followers with him, whom he regarded as his supposed power and strength. The highest being, having emerged from My love, had sunk the lowest, because it misused its free will, the characteristic of divine origin.... And it was left up to every being to aim this will in My or his direction, every being was **able** to pass the test of will because every being possessed the light of realisation and also had the strength at its disposal to resist the urging for its maker.... But neither will every fallen being ever lose My love, for My love let it arise and My love will never ever let it perish again, but until it surrenders its resistance it will not be able to feel My love and thus remain wretched. However, one day its resistance will diminish and the being will look for My love again and consciously take the path of return to Me.... Then it will recognise My inconceivable love, it will recognise its God and Creator in Jesus Christ, in Whom I Myself became for all beings the visible God, Whom they desired to see and Who prepared for them the path of return into the Father's house....

It is certainly an apparent contradiction which you believe to discover, but as soon as you receive My teachings about it you will understand it correctly. All beings have emerged from My power, which flowed towards My first-created spirit in all fullness. He could not close himself off to this power until his fall from Me was completely accomplished. The power went to him as long as he wanted to use it for the coming into being of new beings, and all these beings were radiated through by My love power, so that they therefore were perfect and also had to be perfect, because they lacked nothing, neither light nor power, and moreover nothing defective could come out of Me, because until the apostasy of Lucifer My love power was at his disposal, because so long also the act of creation was an act of greatest beatification for him.... And only when he completely turned away from Me did his creative power cease. He saw in the endless host of created beings the evidence of his power and he rejected the further supply of love power.... But the apostasy extended to eternities.... And during this time he slowly changed his will, which in the end was directed **against** Me. And since the beings had arisen out of his will using the power out of Me, every being certainly had something of his will in itself, but since every act of creation put him into bliss.... because he was radiated through by My unmeasured love power thereby.... so he also gave up his secret resistance, thus his will, at the moment of creation and completely surrendered himself to My strength of love. So the being has certainly been begotten out of his will, which now also tried to influence the being to accept his will turned away from God. But since it has now also been My product, I gave to all beings the right of self-determination, when it was to decide for or against him.... Because My light of love shone through every being with such brightness that it also recognized its producer, that it therefore did not need to fall, but could likewise turn towards Me, even if I was not visible to it.... When it therefore says: Lucifer put his will into the being, then it is not to be understood that he could **determine** the beings to fall away, because every being had to decide about it itself. Because it had **freedom of will** exactly like its producer, and it did not **have to think** exactly like him. That is why the light shone for it in all fullness. It only became imperfect when it did not use this light, when it remained with its **will against better knowledge**, which therefore let the being become imperfect, because in the beginning it had been radiated as most perfect, which alone already resulted from it that also beings fell away from Me, which belonged to the first, which our both love will let come into being.... For their will was also free, and they could choose their lord.... The apostasy of the spirits stretched over endless long times, so the will of Lucifer had changed again and again in these times, he stood sometimes to Me and sometimes against Me.... as it drove him after the reception of My love power.... And the created beings were the same, soon their will belonged to Me and soon to him again, yet imperfection could only be spoken of when their apostasy was clearly evident, when they had decided in favour of their lord, Who shone for them in supreme fullness of light. Every act of creation was an exchange of love power, which made the light bearer happy and therefore could also only produce perfection. But freedom of will was a divine gift, therefore it did not need to lead to the fall, but used in the right way, it could earn the being an immeasurable happiness. And thus every being was also able to give its will the right direction, and it also had the strength to do so precisely because in its abundance of light it recognized where Lucifer was heading.... The fact that it followed **him** to the depths was therefore not due to its alleged "deficiency," which it thus "got" from its producer, but it was its own will, which, in spite of the bright light of knowledge, followed it to the depths.... It was therefore by no means pre-loaded on the part of Lucifer with a will that turned towards God even before it was given the right of self-determination.... Because it was, like everything that came forth out of Me, standing in highest perfection.... (2.11.1964) I Myself therefore cannot contradict Me; it is the purest truth, which My revelations hold. What therefore contradicts it does not carry My spirit in itself, and there is the following explanation for this: firstly, My adversary's effort to confuse your spirit, which he then succeeds in doing when the bond with Me is not deep enough, when you yourselves, through your own thinking, give him the opportunity to confuse the concepts, and secondly, (when) you were not yet in (such) contact with Me which allows My influence in you.... that I was able to protect you from the working of immature spirits, which always come back when a person seeks the light and tries to

extinguish this light. The more earnestly a receiver of My love light pushes towards Me, the safer My word sounds to him, but which then is also pure and louder and every evil spirit is repelled, which wants to press a light bearer. The more the will and the desire for pure truth is inherent in My light bearers, the more he can also be convinced of the truth of what is offered to him. That is why I also want that you examine all scriptures, because again and again My opponent wants to awaken an uncertainty in man; he wants that you doubt the truth of that what I Myself announce to you. But you are to prove your faith to Me, you are not to let yourselves be diverted from the truth of My word through his work, because I will always enlighten your spirit that you recognize it if and when he has intruded to invalidate My work....

How long Lucifer could create?....

B.D. No. 5645

April 6th 1953

My strength was effective in the first-created being so long, until the decision of will was put down completely, or even: Lucifer or light bearer could still create beings so long, as he was still full of My love strength, which, however, weakened itself always more with his constant fall in the depth, with his removing from Me, at last to be completely ineffective.... So **I did not take away** the strength from this first created being, but he himself made it ineffective, as soon as he removed endlessly far away from Me.... But the act of decision of the will was no a thing of the moment, it was also this decision a process, that extended over endless times, because also the will in Lucifer against Me developed slowly, and accordingly were also the beings, who were created by him, they had more or less a will in them facing away from Me. So long as the first created being had not yet made a complete break with Me, it was also still active creating and shaping, but more and more the ability to create faded away, however not limited by **Me**, but **original legally** My strength lost its effects, the moment as it came across resistance. So long as the first created being remained in the area of My strength of love, it could also create, but always according to his will, to accept My strength in the knowledge, that he got it from Me as the original source of the force. This time of the still undecided will was fully enough to the creation of countless beings with likewise indecisive will, that then always turned away from Me more and also the first created being had become unable, to bring more beings into life. The intimate contact with Me let stream unrestrained force towards the being, who was once created by My love.... The final separation from Me had led inevitably to a complete weakness too. The force **effect** reduced itself to the same degree, as the will itself turned away from Me. But so long as it used My strength to create, it also accepted Me as power source, but did not transfer this knowledge to the beings, who were brought into life by him....

And when it did not want to obtain more strength from Me volitionally, in the faith to possess this itself, its decision of will was made.... It rejected the force, and that meant endless distance from Me and thus weakness, so that after his fall in the depth his power was broken too, to be created further beings through his will.... Understand it right: It was an immensely long time between the first moment of opposing and the complete turning away from Me, and the created being was also designed accordingly in this time, so why it was necessary, that I had to radiate through **all** being with My light of knowledge, from which I demanded the decision of will, but which it used differently as well, as it itself had a different nature.... But it **could** decide right, the kind of its creation was not determining, but the will of every being was free. By a fall into the depth could already be spoken in the moment of the first volitional turning away from Me.... but that was so far not accomplished completely, as I Myself was still recognized as a source of strength.... And so long the first created being could use the unlimited strength, which is given him by Me, according to his will.... For so long it remained in the current circuit of My love, as it recognized Myself. But it came out of this current circuit, as it resisted Me consciously.... when it itself rejected the strength, not to need to recognize Me, because it imagined itself strong and powerful enough, to be able to create and design high-handedly.... Now My strength remained ineffective according to the original law of eternity.... And now no creation of

beings was possible too, because now I used My whole strength of love for returning of the fallen spiritual.... The spiritual work of creation was completed, now the **deification of creation** began, the education of the **creatures** to My **children** in free will.... a work, to which is My complete strength of love and that also My opponent will not be able to prevent, to whom at last this opponent will surrender voluntarily too, to reach the state of unlimited strength again and to use this now according to My will....

Did God cause the apostasy?....

B.D. No. 7932

July 2nd 1961

One day you humans will understand that I Myself will never exert and never have exerted My influence over the spiritual being which I externalised as free and independent.... For as soon as I created it as a self-aware being it was also endowed with free will, and this free will was not in the slightest tied to My will, to My illumination of love or any other influence on My part.... The will was entirely free and able to decide either way. But the fact that the being possessed free will was also the guarantee that one day it would be able to change the state of a 'living creation' into the state of a 'child', which would have been unthinkable without free will. But My objective at the creation of the beings was **true 'children of God'**.... thus beings of supreme perfection which, however, had to attain this perfection **themselves**. The question will always arise in you humans as to whether the thought of apostasy was implanted by Me in these beings, as to whether they, in a manner of speaking, **had** to fall away, because I had set Myself this goal.... 'true children'.... when I created the beings. In that case you can also dispute the beings' free will, but this was the cause of, as well as the possibility for, the apostasy. However, I foresaw from the very beginning how My living creations would use their free will and, therefore, I was also able to recognise the justified **goal** in this apostasy. Yet neither the apostasy nor the goal was in any way determined by Me.... The apostasy was the result of **free** will and therefore did not have to happen.... The goal is the result of free will again.... It will be achieved one day but the time it takes is determined by the being.... And so it must be said that I certainly know everything, that one thing always substantiates the other and that no apostasy could have happened had I denied the being free will.... but that the goal I had in mind at the creation of all beings and which only signified supreme bliss even if it were preceded by times of immeasurable agonies, would then have become invalid.... Nevertheless, the voluntary apostasy of the beings was a transgression against Me and My love, for the being could have adapted its will to Mine, it did not have to turn away from Me and leave the law of eternal order.... And countless beings provided the evidence for this by remaining with Me and nevertheless being inconceivably happy.... These beings will also be permitted to attain the childship to God if they want to take the path through the abyss for the purpose of their fallen brothers' redemption....

But the apostasy was not **My** doing, **My** will; yet for the sake of the highest goal I allowed it to happen and only ever emphasise again that these beings possessed absolute realisation, that they were illuminated by brightest light and that, through their wrongly inclined direction of will, they misused their freedom of will, which subsequently led to their wretched state. I did not prevent this apostasy or I Myself would not have respected their freedom of will, but this characterised the being as a divine one, because something perfect without free will was unthinkable. And once you have reached the goal of having become a true child of God, then My plan of deification will be completely understandable to you, and you will also regard the spirits' apostasy with different eyes, even though it gravely transgressed against My love. And since the law of eternal order is unchangeable, this deification could only ever proceed lawfully; it could not be attained in any other way because all divine characteristics, which I placed into the being at its creation, must be aspired to voluntarily which, due to the apostasy from Me, became a necessity but was also considerably more difficult than voluntarily remaining in the state of perfection.... The fact that the beings had fallen away and thus sinned against Me led to an extremely long state of torment.... which could never have happened had I

Myself caused this apostasy in some form or other.... These beings' perfection cannot be doubted and yet they fell.... which can only ever be explained by their freedom of will, which was also a gift of grace that will never be taken away from them.... And the fallen spiritual beings' process of return also provided the non-fallen beings with the opportunity of attaining the childship to God, because they may also take the path through the 'abyss' for a redemptive mission.... that the 'apostasy from Me' is therefore not the sole prerequisite in order to attain the childship to God, but that I truly have other ways as well of shaping My **created** beings into My **children**.... Hence the apostasy was not necessary but **possible** on account of freedom of will. And I foresaw it from the very beginning and was therefore able to base My plan of Salvation on it, which made Me as well as My created beings extremely happy and which I will certainly achieve one day. And you, too, will one day be in the state of **highest** perfection and realise and understand the immeasurable love I have for all My living creations and that this love can only ever bring forth goodness and, therefore, will also help those who died of their **own** fault attain eternal life again....

Amen

Free will caused the apostasy.... Deification....

B.D. No. 6991

December 11th 1957

Only perfection came forth from Me.... for profound love and supreme wisdom created everything and nothing was impossible for My power. Hence I was also able to externalise beings of supreme perfection which, as My images, were very pleasing to Me. They were created as miniatures of Myself and it made Me extremely happy to allow these creations of Mine to create and work in an abundance of light and strength in order to also bestow upon them the same pleasure of finding happiness in their created works. All beings were therefore permeated by the necessary creative strength which enabled them to be likewise creatively active. However, they were more or less only the 'implementers of My will', since with the strength of love flowing to them the beings were also imbued by **My will**, thus they would only ever have remained My 'creatures' had I not externalised them as completely free beings, with free will, which they were able to display in any direction. Only this made them supremely perfect, but it also enabled them to lose their perfection.... As long as they were governed by My will they would never have lost their state of perfection, free will, however, provided them with this opportunity, just as, on the other hand, it also enabled the complete deification of the 'created' beings.... so that they, like children, were able to partake in My activity and creating of their own free will and yet with Me and in absolute **accord** with My will. Then the highest goal will have been reached which I had intended when I created beings in My love and My power.... For then the being can no longer lose its perfection and can be described as infinitely happy. But it would have been possible for every being, as there was no reason to turn away from Me when it was able to make use of its free will. It was perfect and only needed to use its will to remain in this perfection.... The explanation that it became imperfect and fell was due to its awareness of strength and light, for it wanted to **prove** that it was full of light and strength. And thus it misjudged My love, which bestowed everything entirely selflessly upon the being in order to make it happy. Just a single arrogant thought was enough to cloud the light of realisation and this was followed by increasingly more wrong thoughts, which turned its **will** in the wrong direction because it was **free**.

It is difficult to make you humans understand how it is possible for a perfect being to fall in the first place.... because perfection always signifies light as well, i.e. complete realisation.... But precisely the awareness of its abundant strength made the being consider the **strength** within itself more than the light, and the abundance of strength made it easy for it to become arrogant, which instantly clouded the light. Like Myself the being was constantly able to externalise new creations and it began to displace Me, the primary source of strength.... It no longer wanted to acknowledge its relationship of dependency on Me and once it had embraced this thought it also lost track of the dreadful consequences resulting from its direction of will. However, a free being externalised by Me must also have the freedom to be able to change its nature.... for perfections should not denote a state of

compulsion for the being, otherwise it truly couldn't be called to be in My image. But the being will indeed always keep this freedom of self-transformation; consequently, from its freely chosen and created state of imperfection it can also attain supreme perfection again and thereby reach My intended goal that it becomes and remains My child. I would never have been able to **create** such 'children' for Myself because the divine characteristic of free will has to become active by itself.... so that that the living creation in its perfection as granted by Me was able to want to remain in it voluntarily or.... if it failed this test of will.... had to acquire the degree of perfection again which it once forfeited of its own free will.... Anyone who can grasp this enigma will also understand My eternal plan of Salvation and he will know that only infinite love and wisdom was able to devise such a plan, because I want to prepare a fate for My created beings which signifies supreme happiness forever.... And My love, wisdom and might will pursue this goal until it is reached, until all spiritual beings having emerged from Me can create and work by My side in supreme beatitude, as intended by My plan of eternity....

Testing of the will of the first-created being....

B.D. No. 8055

December 5th 1961

A being was once created by Me which has now become My most bitter enemy and adversary.... This being likewise emerged from My love, it was put forth as the first being by Me because I wanted to create a vessel for Myself into which I could let My love flow.... My love was exceedingly great and it wanted to communicate.... and since My will alone was sufficient I created an image for Myself, a being which was exceedingly perfect, which I was able to radiate with My strength of love and which, like Me, was now to create and work for its own happiness.... I wanted to give Myself away, I wanted to find a resonance for My immeasurable abundance of light and strength and thus created a being which could catch this flow of love, a being in which I could recognize Myself, which was My image.... And all My love was directed towards this being. I made it happy and found My own happiness in this happiness.... it stood in the highest abundance of power and strength, it was a reflection of Myself which, being exceedingly perfect, also carried the same will and creative urge within itself and was now incomparably blissful with Me.... And this being was active, its immeasurable strength urged it to create identical beings, its will used the strength flowing to it from Me and again and again gave rise to new beings which, like it, were supremely perfect, for only perfection could emerge from My strength of love, and the first-created being was of the same will as Me, in the same light, and was united with Me in deepest love, so that supreme bliss filled this being and it expressed its bliss again and again by creating beings identical to it.... It was a state which could have lasted forever and yet did not remain so.... For everything created were 'works' of My love.... It was perfect because nothing **imperfect could** come forth from Me.... My love for the first-created being was overpowering and **its** love also belonged to Me, Whom it certainly recognized but could not **behold**. I constantly beamed My love at this being but I did not **force** it to return the love to Me in the same measure, instead, I made the reciprocation of My love freely available to it.... I had created the being with free will because free will inevitably belongs to perfection. My will was indeed apparent to the being at all times, it was, as it were, anchored in My word, through which the creator's communication with His created being was established.... The 'word' was the thought which had become form, which radiated into the being and which the being was also able to reciprocate, so that the most intimate exchange took place between us, which made both the being and Me immeasurably happy.... And thus the being knew about My will and in its love completely entered into My will.... (5.12.1961) And now I wanted to test its love, it was to provide Me with the evidence that its love for Me entered into My will in completely free will, although it **could** also think and want differently, because as a **divine** being it was not subject to any coercion, because love was the only thing which could have determined the direction of its will.... My first-created being had created countless beings of the same kind out of its will using My constantly flowing strength of love, and its will was always

in unison with Mine because deepest love united it with Me.... And these acts of creation made the being immensely happy.... It constantly received strength of love and constantly used this strength of love in My will.... until I demanded the decision of its will from it in all freedom.... i.e., it became aware that it **could** also work on its own authority, that it was not hindered in any way because it was not subject to any limitation.... because it was a free being which was only bound to Me through love.... And since the being was able to receive the thoughts flowing to it from Me.... My word.... flowing to it from Me and to take a position on them itself, it was also possible for it to view them negatively.... that is, to oppose them with his free will. And so it also came to terms with the thought that despite its highest abundance of light and strength, despite its highest perfection, it was always only a **recipient** of strength, but not a **source** of strength.... To mentally adjust itself to this was My test of will, which the highest spirit of light truly **could** have passed if its love so filled it that it would have submitted itself to Me as its creator in free will, which, however, would never have been detrimental to its ranking because **My** love for it was so great that it would never have needed to feel its dependence on Me.... But it would have still increased in its bliss through the passed test of will, in its perfection, which was now no longer **just** My work but had also been proven by itself as its own will.... But the being failed.... It became My adversary out of the spirit of light Lucifer.... He could not see Me but he saw the army of beings he himself had brought into being, and he was aware of its immense power, and this awareness made him become arrogant.... He exalted himself and rejected any further illumination of love on My part.... This turning away from Me was a process which lasted for eternity and which can only be depicted to you humans, for the spiritual motives cannot be explained to you in a comprehensible way as long as you dwell on earth. I had created an **image** for Myself which turned itself into the opposite and was also able to do so despite all abundance of light because it was a completely free being which was in no way subject to compulsion or limited in its thinking and willing.... Nevertheless, its fall and also the fall of countless beings into the abyss is the path to the highest perfection.... because it creates the possibility of transformation into gods.... which I **could** never **create** because the created being's free will has to accomplish this itself. The product of My love turned away from Me.... In its original substance it was love itself which turned away, which no longer gave itself away but desired to possess.... and which therefore completely contradicted My fundamental nature. Yet it was My emanated strength of love which irrevocably has to return to Me according to the order of eternity. But first the being must have changed again, and it must accomplish this change in free will. And every once fallen being will also reach this aim, even though eternities are necessary for this.... Even the first created being, which My infinite love had externalized from Me, will accomplish this transformation in itself, and it will be able to enter into highest glories.... but before that it will serve Me as an antipole because it has shaped itself into it.... For **his** kingdom also serves Me, he himself also works with.... even if unconsciously.... in the perfection of all spiritual things....

Amen

Cause of Lucifer's apostasy from God....

B.D. No. 8672

November 13th 1963

When I called miniatures of Myself into being I was motivated to do so by My infinite love which wanted to give itself away, which wanted to create vessels for itself in order to flow into them.... My love demonstrates itself as strength, and this strength wanted to be creatively active, and thus My creations.... because My strength flowed into these vessels.... likewise had to be creatively active again, for these beings, as images of Myself, had the same intrinsic creative urge which impelled the constantly inflowing strength into activity again, because the strength which emanated from Me as the primary source of strength constantly created life. And thus you will understand that all beings which had come forth from Me were in a state where they knew no restriction in the creation of manifold works, which made them blissfully happy.... but that they, like Me, were not

subjected to any restriction either, for My love was infinite, and thus My strength of love flowed into all beings in order to give them pleasure.

Neither did the being's creative activity ever come to a standstill, because My **strength** had no **limitation**, it will never spend itself, it will always and forever flow, and thus new creations will eternally arise, just as all My once emanated beings will receive My unlimited strength for creating and shaping as long as they open themselves to Me, i.e., as long as they do not resist My illumination of love. And this blissful state truly would never have needed to end because I, for **My** part, would never have imposed a restriction on the beings and thus they never needed to fear a lessening of strength either. And yet a change occurred in the beings' greater than blissful state.... caused by a situation which the beings considered to be imperfect: the fact that I Myself, their God and Creator, was not **visible** to them as a being like themselves, that they indeed knew of Me as their Father from Whom they had originated, but because I did not visibly present Myself to them they looked at it as a limitation of My perfection. They began to entertain wrong thoughts since they did not openly raise this question with Me Myself, which I would have answered so that they could have realised and corrected their wrong notion....

But they believed they could conceal these inner doubts about My perfection, and yet I knew of them.... However, I did not use coercion but gave their thoughts free rein which they nevertheless misused.... For they also recognised the same doubts about My perfection in the **first** being I had externalised and whose beauty radiated in supreme brilliance.... For eternities this being had given Me all its love indeed, and in this love it was exceedingly happy and shared My will.... even though its will was also free.

Yet now and then small doubts arose even in this brightly radiating being because it could not see Me either. Nevertheless, time and again its great love for Me suppressed the emerging doubts, and it gave itself to Me finding its beatitude in constantly creating same-natured beings by means of its will and the use of My strength. Yet this doubt about Me kept emerging and he, too, did not put it to Me, which he could have done.... He nourished the doubt so that it became increasingly stronger and reduced his love for Me.... But thereby he also weakened himself since his reduced love for Me also lessened My flow of love and thus restricted his creative activity as well.

Had he been able to see Me it would not have been possible for him to turn away from Me, yet the fire of My love would have consumed him, for no created being is able to look into the primal fire of My love without ceasing to exist.... He knew it, too, because he possessed supremely enlightened awareness, yet he played with the thought to be greater than Me because he radiated in brightest light and supremely perfected beauty.... He could not imagine any being to exceed him in light and beauty, and therefore he also claimed the right to rule over all created beings, whom he undoubtedly had created but the strength to do so he had received from Me. He now saw his power in the host of the spiritual beings and therefore believed himself able to do without My strength, he believed that he had withdrawn it from Me through the creation of the countless beings, and the fact that I did not visibly present Myself to him was regarded by him as **evidence** of My powerlessness....

And I did not disillusion him because I had externalised him as a completely free being which I will never ever compel into changing its will and its thinking.... even if he keeps his distance from Me for eternities. Now My strength met with opposition and resistance, and consequently it remained completely ineffective. And now this, My first-created being, is no longer capable of generating any works of creation, yet it believes itself great and powerful because it looks upon the immense number of spiritual beings as **his** possession, who, like him, had revolted against Me and rejected My illumination of love.... They, too, are incapable of any activity, because they also moved infinitely far away from Me. But it was their **free will**, which I respect and thus they will remain distant from Me until they voluntarily approach Me again and appeal to Me for My illumination of love.... Even the first-created being.... My present adversary.... will take the path of return to Me one day, sooner or later he, too, will long for My illumination of love again and voluntarily accept it from Me, because

one day he will give up his resistance, even if it takes an eternity.... Yet everything that was once emanated by Me as strength will inevitably return to the eternal source of strength again....

Amen

Fall into the depth is the same as being without knowledge....

B.D. No. 6765

February 18th 1957

In recognition of the truth is the whole salvation of the being.... Once it was standing in the light, in the highest knowledge, and therefore it was also blessed in excess. For the being recognized My love, wisdom and power.... it knew, that it was created by Me, and it also knew its purpose. It was constantly illuminated by My strength of love, there was nothing dark, nothing unknown for this being, and there was nothing, that the being limited in his will and his strength.... It was an unspeakably blissful state, a being in most luminous spheres, who, filled with My thoughts, even could be recognizable these thoughts to the beings.... It was a constant overflowing of My original being into all these beings created by Me, which also produced unlimited salvation in these beings. But the state of the beings changed.... What streamed to them abundantly, they refused in free will.... when the first by Me created being misused its free will and turned it **against Me**.... a process, which was from far-reaching importance for all spiritual, once come out of Me. Indeed that first being was also in highest knowledge, because it was created as My image, it was My equal in its nature, except that it was not from eternity, but it was created by Me, so My **will** and My **urge of love** let arise it at first.... And this being envied My priority to be of "eternity", while itself had a "beginning".... And since it was not able to watch Me, it set itself up as master of all created beings, which also accepted it in large part as their Lord.... in spite of brightest knowledge.... And it lost all qualities, that (still) characterize it as a divine being, because it abused the characteristic of divinity, the free will, and because it was completely without any love. It sank into the darkness.... And its condition was unblest, it was without light and strength, and it remained in this unfortunate condition for eternities.... But the will of the first created being and also of its following was not able to drive out Myself, the eternal truth, the light of eternity.... It was well to refuse Me its recognition, it could turn away from Me, but it could not destroy Me, blot out, let pass away.... I was and remained the power, That has control of all and to Whom also the fallen spirits must be subordinated, if this is My will. But I let him the freedom.... I let fall the beings, where they strove self-willed, to the depth. But I too do not refuse the being, if it wants to rise out of the depth again, if it makes the way to Me again and wants to receive strength and light again from Me.... I help it to get rather that and use all means. And because they lack any cognition, because they are completely without any light and each knowledge, I give it also the possibility once again, to obtain this light.... I let get the beings into the state again after an endlessly long way of development, that they are able to recognize, if they are willing to that.... And this is in the stage as man, where I send the truth to the being, to put it back into a state of bliss again.... but where the free will has to do this again.... What it once had, it must be acquired only now, but this will for that is evaluated very highly, and then the being reaches a level of light, which still exceeds the former level of light, because it has not only become My creature now, but My child, who had well the freedom, to remain in the depth, but still strove for the height on its own initiative and is unspeakably blessed now, because it stands in the light of truth again, because any darkness has left it, because all divine features fulfill the being in full measure and because it can not be pushed away any more now from Me through My opponent.... that first created being.... whose guilt is far greater, to have separated itself from Me, and therefore it needs also far more time, to go back the path of return to Me, but that will also recognize one day, that the unlimited salvation is only found with Me, its Father of eternity....

My plan from eternity is the return of the spiritual, which My adversary bound to himself after his fall into the abyss, after his apostasy from Me and his rebellion against Me. My adversary emerged from My love as a first-created being.... I had created this being in My image and therefore it stood by My side in an inconceivable abundance of light and strength, exceedingly powerful and wise.... it was the most blissful creature because My love constantly permeated it, bestowed supreme beatitude upon it and again and again sought to increase this beatitude for that being. My fundamental being was reflected in this being created by Me, except that it was visibly externalized for Me, whereas the being was **unable** to behold Me Itself. But it knew of Me, it knew that I had let it come into being and that it received this blissful strength of love from Me. For I Myself transferred that knowledge to My image because I Myself wanted to establish an exchange of our thoughts with it.... because I had also given it the **ability** to understand the 'word' which sounded in it as an imprinted thought and which it was now likewise able to return and thus the most blissful exchange took place between us for the sake of which I had let the being arise. For My infinite love sought a resonance, it sought a vessel into which it could pour itself, it sought an object which it could make happy, for which it wanted to prepare the most blissful existence forever.... This plan had certainly been designed by Me since eternity but it always left open the question whether this being would also join My plan, because it was created in all freedom of will and externalized by Me as an **independent** being which could also determine itself. Although My thoughts in the form of the word resounded in it, the being was nevertheless not **forced** to think and want like Me.... It possessed the ability to consider My word in all directions.... it was therefore able to arbitrarily give the word a meaning for itself which I had not put into it. But it was only able to do so as soon as it entered into an **inverted** relationship with Me, its God and creator.... whereas it completely agreed with Me in its thoughts and intentions as long as it opened itself to Me with devoted love in order to receive My ray of love. But the being was also aware of this very ability and therefore also attempted the state of repelling My strength of love in order to be able to form its thoughts according to its own will completely uninfluenced.... These attempts only took place after an infinitely long time of unlimited bliss which My love had prepared for the being.... And during this time of the first-created being's most intimate communion with Me it was creatively active to such an extent that it called countless beings into being, because this urge for exchange, for objects to receive its love, was also present in it as a sign of My image and I therefore constantly supplied the being with the strength necessary for creation. However, when the being made the first attempts to repel My inflowing strength of love, the process of wrong thinking also began.... and the strength to create temporarily diminished.... But the being also felt the decrease in bliss and turned to Me again in pure love, so that I was able to make it happy again as before and the creation of supremely perfect beings also continued again.... But those temporary interruptions increased.... (25.10.1957) For again and again the being considered within itself whether it should not be able to achieve and create the same without Me, and it also tested itself in its creative activity by temporarily isolating itself from Me, thus also denying Me the supply of strength of love, and yet used its existing strength to create beings entirely according to its will, which then also already carried something of its will within themselves. But these were only ever short attempts and it always returned to Me again in order to experience the happiness through My strength of love. Its thinking, however, took on an increasingly more hostile form.... The strength of love, which it knew had its origin in Me, was envied by this being.... of light bearers.... Me, and he toyed with the thought of inducing Me to divest Myself of My strength of love by perpetually creating new beings, of appropriating the right of possession over these beings for himself and thus weakening Me.... while he wanted to enjoy the **evidence** of My strength withdrawn from Me and surpass Me in power and strength.... These thoughts did not suddenly arise in him, but a single wrong thought.... one moment of wrongly-directed thinking.... gave place to ever new wrong ideas. The light-bearer was at odds with himself. And he could easily have found his way out of this conflict if he had discussed it with Me, which was certainly possible for him. He constantly drew My strength of love, and precisely this uninterrupted influx caused him to think wrongly that this influx would not change forever, even if he isolated himself from the one Whom he

certainly recognized as his God and creator. But every thought directed **against** Me weakened the supply of strength and caused him to become ever more rebellious against Me.... until he finally completely renounced Me and thereby also put an end to the influx of strength which enabled him to create.... But during this infinitely long time an endless number of beings had also emerged from his will with the help of My strength, which were of the **same** inner nature as their creator was to Me at the moment of creation.... But My strength of love permeated all beings otherwise they could not have come into being, and this strength of love also urged all these beings towards **Me** to the same extent as towards their producer. For although the latter placed his wrong will into these beings, the light of realization was nevertheless still in them which ignited My strength of love in them. Hence the beings were **not** yet **sinful** when My now adversary let them **come into being**. But they were also easily inclined to believe his ideas when he presented himself as the highest being, because none of the created beings could see Me. They were impelled by love for **Me**, yet the one who was visible to them wanted to be acknowledged by them as God and creator, and He was also acknowledged by those beings whose act of creation had taken place at the moment of an inner opposition to Me.... Light was given to those souls from Me, they were also able to hear My word and they were also able to think.... Hence they **need** not have believed his ideas and acknowledged him, but their will was also free, they could neither be forced by Me nor by My adversary, and therefore they became sinful when they were supposed to use the right of self-determination and decided in favour of My adversary. For they recognized Me even though they were unable to see Me, but they voluntarily followed the **one** they could see.... It was, as it were, a decision **against** their **better knowledge**.... and therefore a huge guilt which caused the being's complete weakening, a darkened spiritual state and lack of all strength.... For the influx of My strength of love was consciously rejected when they followed My adversary into the abyss.... Only those who are able to grasp the perfection in which all beings once emerged from Me, how brightly the light shone in all of them, can imagine the magnitude of their guilt for having given up the light and followed the one who led them into darkness. All these fallen beings could not have been called to account if they had been deprived of all knowledge beforehand by My adversary's will, but they were all products of My strength of love, and thus they were also permeated by it and, as beings of light, able to make the right decision when this was required of them. But they directed the will in themselves wrongly, and they were not prevented from doing so, and therefore the distance from Me is also in accordance with their guilt, and the return to Me requires eternities and can also only take place when the substitutionary atonement of the man Jesus is acknowledged and requested by every being which once fell....

Amen

Apostasy of beings from God....

B.D. No. 7471

December 5th 1959

In the beginning all beingness shone in the brightest splendour of their perfection.... It was like God.... His images were created in which the eternal godhead was reflected, in which God found His essence in the tiniest measure, for they were sparks of His radiated fire of love, they were sparks of strength which radiated from the source of strength from eternity.... These beings were infinitely blissful, they were close to the father, they constantly received the blissful strength of love and were able to create and work with this strength according to their will, which was also the will of God.... But this state of the beings did not remain such that they stood in the **same** will with God.... For the will was free and was not forced to direct itself towards God. It was free to turn, even from God to another pole.... And that is what the beingness did, it directed its will wrongly. But since the attainment of the **highest** perfection of these beings was at stake, a test of will could not be avoided and therefore they were faced with a decision.... They knew that they had emerged from God, from a creative power Which also continued to permeate them with strength of love.... But they could not see it.... whereas they could behold that being which shone in glory, which had emerged from God first and from Whose will they themselves were also begotten as beings using that strength from God....

Standing in highest realization through the light of love which continuously shone towards them, they knew about this process of creating beings through the will of Lucifer and the power of God.... But they were able to see the radiant being of light, Lucifer, while God Himself was and remained inaccessible to them. And now their will was to decide in favour of their creator and shaper from eternity.... And the will of the beingness split.... One part remained faithful to its creator, Whom it recognized as the only active elementary power, while a large part turned to the visible spirit in deluded thinking, although it did not lack realization, but it allowed itself to be dazzled by the beauty of Lucifer, Who shone in all glory as long as He was still united with God. The separation from Him, however, lasted for an infinitely long time until his being was so darkened that it was no longer aspired to by the beings as 'God' but was only regarded as a lord who had the beings under his control. But in the beginning he shone in brightest brilliance, and during **this** time the beingness still decided in his favour. The fall therefore already happened when the beings turned towards their radiant producer and put God aside because He was not visible to them. Only after the fall did their spirit darken, after the fall the being fell into darkness, by which is to be understood the state of complete lack of knowledge in which all spiritual beings which had fallen away from God languish in eternal torment.... But this decision of will had to take place once, free will had to be tested as to which direction it turned, because the highest perfection depends on it, the state of the being, which **cannot** be **created** but has to be established by the being itself. However, the fact that countless beings have fallen does not prevent them from once again using their will correctly (rightly) and taking the path of return to God again, but then He will have made perfect children out of the beings who will still be blissfully happy to a far greater degree than the beings could have been in the beginning as 'created' beings.... Yet endless times will pass until the being has shaped itself back into perfection again, because free will will always be decisive if the highest perfection is to be achieved.... because free will will always be tested again, which has to turn completely to God in Jesus Christ, Who is now the visible God for Whom the being longed and with Whom it will also unite in its perfection....

God only created beings of equal perfection.... I.

B.D. No. 8797

April 3rd 1964

I only emanated one being.... Lucifer, the bearer of light.... whom I created for Myself in order to give Myself and My love to him, and which therefore was shaped in My image which came forth from Me in supreme perfection, which arose before Me as a thought and already existed in its abundance of light and strength.... as could not otherwise be possible because nothing imperfect could emerge from Me. I created this being for My own happiness, because My fundamental nature is love and love constantly wants to give pleasure, but prior to this no spiritual being existed which was able to receive My love. It was a mirror image of Myself, I saw Myself in My externalised being, it was, to some extent, My second Self, which likewise unified love, wisdom and might within itself so that it could not be anything else but I Myself, and which therefore was also inexpressibly happy because it was constantly infused by My strength of love. I wanted an identical being next to Me **because** My creative strength made Me exceedingly happy and I wanted to provide a being with the same happiness in order to take pleasure in its bliss. My fundamental substance is love, and this love, in turn, is strength. My strength of love was unable to remain inactive and constantly brought spiritual creations into being. Yet no-one apart from Me was able to take pleasure in these creations and this motivated Me to create a likeness of Myself.... a being which had the same nature as I Myself, with the difference that it had a beginning, whereas I Am everlasting. I enjoyed beatitudes beyond measure by radiating My strength of love into My created being which then, permeated by the same strength of love, also wanted to be creatively active and was able to do so because it was completely free. It was utterly absorbed in My love, a constant exchange of love took place, for the love I gave was returned to Me by the being in the same way. The being was fond of Me and totally engrossed with Me. And that resulted in unimpeded illumination with love, unimpeded illumination with strength which

wanted to become active. And since the creation of the first spirit of light had given Me extreme happiness, its bliss also consisted of the creation of the same beings.... thus from both of our strength of love a countless host of the same beings emerged, which were all supremely perfect and exceedingly blissful. This process has already been explained to you through My revelations. And yet you keep asking questions as to who really was the creator of the elevated and highest beings of light, because in your state as a human being you already have a different concept of the originally created spirit of light, since you are no longer in possession of full realisation as a result of sin.

However, you forget that all original spirits have their origin in Me **and** the bearer of light.... that the latter used My strength for the creation of all spiritual beings.... that you therefore came forth from Me and from him, but his will used My strength which flowed to him without restriction. And therefore you will also understand that the bearer of light had an exceptional position, because he was the only one who was called into life by Me. Although he certainly lost his strength and power through his apostasy from Me, he lost his realisation and fell into the deepest abyss, he is nevertheless still the same originally created spirit, which is now as active as a direct opposite as he was formerly devoted to Me with burning love and enjoyed supreme beatitudes. All other fallen beings were dissolved in their fundamental substance, the once emanated strength was reshaped into the most manifold creations. The bearer of light, however, having lost all light, remained the being he was from the start, he merely turned into the opposite, so that he became My opposite pole and now **serves** Me as an opposite pole in the return of the fallen spiritual beings. For these spiritual beings had once been put to the test to acknowledge Me or him, and they followed him and became lost. And now they will be tested time and again, for My existing adversary insists on his claim on the fallen beings, just as I will not surrender them since they emerged from My strength of love, but the being itself makes the decision. My adversary asserts his rights and influences the beings in a negative sense, while I try to win the beings over for Me through influencing them in a positive way. And countless beings support Me; they, too, were created by him but they recognised Me as the source of strength from which he also originated. And they have remained in beatitude because they still receive My strength of love continuously and are active in a creative and shaping way. However, self-aware beings were only externalised by Me and the bearer of light in unison, and these self-aware beings will indeed continue to exist forever. Only the once fallen beings lost their self-awareness for a certain period of time in order to be able to accomplish the ascent from the abyss again in a dissolved state. But they will receive their self-awareness again as soon they have to pass their final test of will as a human being. But My spiritual adversary must be taken into account at all times, for he **remained** what he was.... and he will continue to remain who he is for infinitely long periods of time; even so, one day he will change his nature again and reshape himself into love, and he, too, will be blissfully happy without limitation again. Then My love will permeate him again, as it was in the beginning.

Amen

God only created beings of equal perfection.... II.

B.D. No. 8798

April 4th 1964

(Continuation of no. 8797)

However, after the creation of My first being of light nothing of inferior value emerged from Me Myself and this being of light. Your human thinking is still limited because you are not perfect yet, and thus the thought occurred to you that the beings, having emerged from our mutual love, cannot be put on par with the first-created being. But this thought is misguided, because it was the same strength and the same will of love which brought them to life, therefore there were only ever supremely perfect beings.... true images of Myself.... You humans indeed compare your fellow human beings, you can detect more mature and immature traits of nature, consequently you also assume that you can make such evaluations regarding the originally created beings. But surely you understand that such valuations are not appropriate concerning the creations which came forth from Me and My love. All

creations of a spiritual nature were only of the highest perfection, and in particular the created beings were of supreme perfection. The fact that part of them nevertheless fell does not entitle you to assume that these 'fallen' beings were less perfect and fell because their creator Lucifer, due to his recurring rejection of My strength of love, had created inferior beings. For even a number of the first beings which were created by our will of love followed him when he turned away from Me and proceeded towards the abyss. Nor did the individual beings' strength of will differ; it was, however, **free**.... and that explains everything. For freedom knows no limitations, and a free will must be **able** to develop in all directions. The individual beings' wrong thinking is the second explanation for the fall. The ability to think also allowed for wrong thinking, to wrongly interpret My Word which the beings, due to their constant illumination of love, heard within themselves. They were not compelled to interpret the Word only in **one** direction.... by virtue of their faculty of thought they were also able to apply a different meaning to it and so they did when they rejected My love, for thereby they also lost their power of perception and their thinking became confused. In addition, the limitless flow of strength of love made them arrogant, so that in their abundance of strength they believed themselves to have the same power, so that their love for their Creator therefore diminished and the being more or less made demands.... which was demonstrated by their desire to visibly present Myself to the beings.... They believed themselves to be entitled to it, and this wrong way of thinking was transferred on to them by My first-created being. It expressed this desire despite the fact of knowing full well that it had to remain unfulfilled were My created beings to continue to exist. Thus it can certainly not be said that any of the fallen beings has merely been a victim of its creator's will, for every single being had the right of self-determination and was also in possession of brightest realisation. But every fallen being became spiritually arrogant and forgot, or refused to acknowledge, that it had originated from Me.... that **I** therefore had been its Creator and Father, against Whom its revolt was the worst sin which the being would never ever be able to redeem by itself again. All beings were created in equal perfection, and the fact that a number of equally created beings remained loyal to Me is already proof in itself of a greater than greater guilt.... they only did not relinquish their love for Me.... whereas those which had 'fallen' rejected My love, and this was their immense original sin which was subsequently intended to be redeemed by One Who belonged to the beings which remained faithful to Me. The fallen beings cannot be excused by some kind of imperfection, with lacking perception, less illumination or a weak will. They had the same nature as those who remained loyal to Me, yet in awareness of their immeasurable strength they arrogantly no longer accepted My strength of love and were thereby also deprived of all strength. They must laboriously gain strength again if they want to become what they were in the beginning. Any kind of imperfection would have been an excuse for a being's apostasy, but this did not exist, and when Lucifer saw the countless multitudes of created beings in brightest illumination and supreme strength which had emerged from his will by using My strength he exalted himself above Me because he was unable to behold Me, but he himself was visible in his magnificence to the countless multitudes of spirits.

However, untold original spirits remained faithful to Me, they were created to be exactly the same as the fallen spirits and not advantaged by Me in any way, they merely returned their infinite love to Me which permeated them and which they constantly received from Me and thus became increasingly more blissful, whereas the love of the fallen beings became a selfish love which no longer wanted to please but only wanted to take. This process is and will remain inexplicable to you humans because it was a spiritual process which can only be understood by the spirit; nevertheless, the circumstances which motivated Me into bringing the material world and its creations into being can be roughly explained to you, and time and again I will try to enlighten you, as far as your intellect is able to grasp it, and correct any misguided opinion, since one single misguided thought is already enough for you to construct a wrong edifice of ideas which you will no longer be able to dismantle and yet you will be far removed from the truth. You would also do well not to brood over things which are irrelevant for your soul's salvation.... which only show some kind of craving for knowledge, the satisfaction of which does not contribute in the slightest towards attaining full maturity of soul. For what you need to know will be conveyed to you by Me, yet always on condition that your own maturity of soul will determine the measure I hand out....

Yet you shall always know that I Am supremely perfect, that everything is based on My love, wisdom and might and that no imperfections can be present when this bond with Me exists. And this existed at the creation of the beings, for the being I externalised.... the bearer of light.... was most intimately devoted to Me and was therefore able to receive boundless beatitudes through the influx of My strength of love. And it used this strength of love again in accordance with My will, because its will was in line with Mine as long as we were united by deepest love. Every act of creation, however, necessitates the flow of My strength of love, and therefore every created being had to be called perfect when it was brought into life. The fact that it then changed into the opposite and became an imperfect being was purely the result of its free will, which was the same as Mine as long as the being's love belonged to Me. When it resisted My love it had to leave the eternal order and continued to possess brightest illumination until it decided to turn away from Me for good. Only then did it lose its realisation, only then its spirit darkened, and only then did it become My opposite. It was no longer a divine being but adopted all the qualities of the one who first revoked his love for Me and became My adversary. Henceforth it forfeited its perfection, it became poorly shaped and was hostile minded towards Me, My strength of love was no longer able to touch it, and thus all spiritual substances hardened which I subsequently reshaped into material creations.... into the complete opposite which it had been in the very beginning. Nevertheless, this fallen spiritual being always has the opportunity to regain its original state if it is willing to abandon its resistance to Me and once again voluntarily allows itself to be illuminated by My strength of love. The apostasy from Me happened out of free will, and the return to Me must therefore also take place out of free will. Then the being will be and remain infinitely happy again....

Amen

The act of creation was an act of gratification for God....

B.D. No. 8975

May 16th 1965

The cause for My rule and work in the whole of infinity was given by My incessant will to form, My unchangeably strong power as well as My exceedingly great love, which had to be active, but which only then found a kind of fulfilment when it created beings for itself, which were able to receive this love and give it back. Because My love needed a vessel, which opened itself to it and received My love and then again radiated it back to Me, whereby an unimaginable act of happiness took place, which will never be comprehensible to any of the created beings. After endless long time of being alone the desire for a mutual exchange became stronger and stronger, although I could already enjoy the spiritual creations put forth by Me in excess before, because I saw every thought as an accomplished work by virtue of My will and these of My thoughts have been innumerable, so that I could create incessantly and still felt no decrease of the power of creation, on the contrary, this constantly increased the more I used it.... But when then the thought moved Me to create a vessel for Me for the love power, which therefore should be formed like Me, which I wanted to endow with all qualities, which therefore should be put out as My image with the same creator power and strength, then already the thought of it was enough that this work of My will stood before Me in all glory, so that I recognized Myself in it and enjoyed what I had created.... The communion with this being made Me abundantly happy, it was after all an image of Me, but who could not be visible to this being, because it would have passed away in view of the original fire, which was certainly also the original substance of that spirit, which however.... as created.... could not have endured the abundance of My love, might and strength. For that being was always only an emanated spark which, although immeasurably blissful, was always only a creature of Mine. was only ever a creature of Mine which was unable to behold the eternal light. Nevertheless, this creature was the vessel for Me into which I could let My strength of love flow, which used this strength of love again in order to likewise be creatively active.... and since its desire was the same.... it again let the same beings come into being together with Me and the bliss was immeasurably great which the act of creation meant for us.... Always new beings came forth out of our two wills of love, for space was unlimited, there was no

limit, neither of the creative power nor of love, nor of our will, which was equally directed.... for I revealed My will to him as well as to the beings which had emerged from both of us through the word, which gave them the evidence that they all recognized (had) their origin in Me; they could constantly hear Me and also return the answer to Me.... they could ask Me questions which I answered them through My word, and since I had also given them the ability to think at the same time, which they could apply in free will.... the sign of a divine being.... thus they were not compelled to interpret the word in only one particular direction but they were able to move My word within themselves in all directions, and thereby the possibility was given that they could also interpret it wrongly, according to their will.... But in the beginning all beings did **not** contradict My will, they were unlimitedly happy, they understood My word correctly, and this state would not have needed to come to an end if the first being emanated from Me had not been unable to come to terms with one thought: that it was unable to behold Me.... and it had given itself the explanation that I therefore lacked the power to do so.... Although it recognized itself as created by Me, it knew that it had a beginning, while I was from eternity.... But it began to doubt and did not present these doubts to **Me** so that I could have corrected them.... And it believed to be able to hide its thoughts from Me, because they were not always in it but only appeared in it from time to time, but it again and again gave itself to My love and also received it undivided.... But since it once doubted My love flowing towards it undividedly and did not express itself, the doubt returned again and again, and thus it created the state of mistrust, which should not have been between the created being and Me for ever.... But in this first created original spirit the distrust became stronger and stronger, especially as he now regarded himself as **creator** of the innumerable beings, which could **see him** in all glory, but to whom I **could not** be visible. And since the ability to think was just as peculiar to him, he drew wrong conclusions in his mistrust.... yet he recognized Me as his origin, but he hoped to also be able to convince all other created beings that **he** was their creator, since they were unable to behold Me.... He therefore exalted himself above Me and now rejected My strength of love, believing himself to possess so much strength that he no longer needed My strength and **this** was his sin as well as the sin of all fallen beings who followed him....

(5/16/1965) A second world was now created, as it were, a world in which everything was wrongly directed but which was now also ruled by My now adversary. But since everything created had its origin in Me, also **this** world was subject to My will and My power, and all positive powers fight against the negative ones, always with the aim to win back everything negative again.... For although I had endowed the first-created spirit with the same creative power and strength, it had nevertheless lost it through its apostasy from Me.... But to him himself I left his freedom, while I took all fallen into My care and therefore took it from him and formed it to creations of all kind. Because I took pity on its state, which was unhappy and would have had to remain unhappy for ever when My love did not find a way out to once again lead it back to Me. But the process of the return is of such endless duration that one can speak of eternities.... during which My adversary can always only temporarily assert his right to the spiritual belonging to him.... when it goes over earth in the **stage as man....** But then he does everything to get the being back into his possession.... if it does not let itself be helped otherwise.... if it does not accept the redemption through Jesus Christ and becomes free from his power.... His power is mighty at this time, and it requires a strong will to break away from it, but also My grace is unmeasured and can always be held against his power.... so that it is well **possible** to surrender to Me voluntarily, and then his wretched state will be over.... But eternal times will still pass until the former apostasy from Me has finally been atoned for, and eternal times will still pass until he will also decide to return, who once emerged from Me as greatest spirit of light, until he returns to his father's house, because endless is the flock of fallen spirits, and these also still need endless times until they have freed themselves from the chains, which were put on them from his side, to be able to enter the kingdom of light and happiness as redeemed.... Yet My love is endless, My power knows no bounds, and My wisdom is unceasingly intent on achieving the aim I set Myself when I created the spirit world....

Amen

As soon as you humans see your God and Creator in Me, as soon as you have established the right relationship with Me.... the relationship of a child with its Father.... you will also have the right contact with Me, that is, you will be filled by profound humility and expect to hear My Word, which I will not deny to anyone of you who prays to Me in the right way.... which requires absolute humility without fail. For I bestow My grace upon the humble.... But you humans have to be receptive to My Words, you must recognise every thought arising in you after heartfelt prayer as a reply from Me, for then it will be impossible for you to think differently than it is My will, because I have given you the promise that you will only have to pray correctly to Me.... i.e. in spirit and in truth.... so that I will listen to and grant your prayer. Nevertheless you need not expect unusual results.... such as audibly hearing My voice.... but every thought arising in you after a heartfelt prayer is My answer, and then you will truly only have benevolent thoughts which cannot have emerged from any other source but from Me. You must always bear in mind that I know when you think of Me, and that you then cannot be affected by adverse thoughts. You ought to know that this attitude of yours towards Me is pleasing to Me and that I can then give to you what suits your maturity of soul.... that I can express Myself audibly which, however, is only rarely possible. But if I Am able to express Myself audibly then it will exclude all error, for then it will sound in you like a delicate little bell, you will be overjoyed if you can hear My voice like this. And then I will be able to convey revelations of profound wisdom to you and you can unhesitatingly believe such revelations.... Only one thing has to be remembered, that the human being's intellectual considerations of such problems can lead him onto the wrong path which provides the adversary with an opportunity to intervene, in which case he will in fact also hear a voice but it will not make him happy, instead it will trigger a mild sense of unease in him. And this voice will then solve the problem according to the human being's will. Therefore questions of this kind make it particularly necessary to first send an appeal for 'protection from error' up to Me above, because this appeal will protect him from the adversary's activity. Then he will make himself receptive to the answer which can be imparted to him from Me directly, because his appeal displaces the adversary....

And especially the question as to whether evil also came forth from Me is still occupying you humans today as much as at the time of these revelations.... But I can only ever tell you that I cannot have an evil thought within Me, that everything that emerged from Me can only be good. How, then, did 'evil' come into the world?.... The explanation rests in the being's 'thinking ability'.... For this was free, thus it was able to voluntarily change the good thought transmitted by Me to the being. And free will signifies the ability to develop in either direction.... Hence evil was born out of free will, it did not previously exist but is a product of free will, it is.... since its thinking ability did not impose any barriers on the being.... a product of creation by the one who declared his power in opposition to Me and My will, who therefore.... since he was creatively inclined.... also 'created' evil.... that it was his responsibility for bringing it into the world and thereby became a deceitful being. You always want to accuse Me, the most perfect Being, of evil, which could never have found room in Me. But you do not comprehend the fact that My adversary himself was the origin of evil, that he changed his faculty of thought into evil because he distanced himself from the circuit of My flow of love and that this was therefore a 'departure' from My eternal order.... The fact that he, like I Myself, was an independent being who was capable of changing and had changed the good thoughts I transmitted to him into the opposite of his own free will was the beginning of the sin against Me, for I had given free will to all beings, I had endowed all beings with the faculty of thought.... How else could it be that not all beings used their free will and their thinking ability in the same way?.... He himself brought evil forth from himself which started because he felt the wrong kind of love, because he was envious of My strength and from this emerged everything bad but which originated within himself because he used his thinking ability wrongly and which I was unable to change due to his freedom of will. Yet he did not receive any wrong thoughts from Me. You must always consider that this being.... Lucifer or the bearer of light.... differed from the beings which our combined strength and will created.... that I created an image of Myself in him, a being whose nature was exactly like My own and to which I also gave the greatest power of creation.... and which was also exceedingly good. But the profusion of our

mutually produced beings made him arrogant, and this arrogance temporarily clouded his faculty of thought, which was already a slight hint of selfish love that opposed My nature.

And therefore I say: whatever existed outside of Me no longer existed in My order. And this being.... Lucifer.... disassociated himself from Me and everything in him changed into an arch-evil being, he produced all characteristics and brought them into the open himself. You can only ever state that he, being a power like Myself.... brought evil into the world, but not that evil is in Me as well and that I had transferred it onto these beings. For the fact that non-fallen beings existed should convince you that the 'faculty of thought' did not have to lead to the fall but that My adversary had many means at his disposal in order to make his followers fall as well. Just the fact that I, as the highest Being, was not visible to them but that he shone in an abundance of light and they acknowledged him as their God even though they were brightly enlightened. For the apostasy took place over an infinitely long period of time, thus he could not have been created by Me as a deceitful spirit, and all these evil attributes were gradually able to evolve, yet they never originated in Me but in the one who was as powerful as Me and merely had a beginning, which he knew full well. And thus evil, too, has had a beginning with the start of the spirits' apostasy from Me.... Until then, however, everything was perfect and therefore he also emerged in all perfection from Me which, however, did not exclude that he used his gifts differently than I had intended them to be used.... And this was subsequently achieved by his 'thinking ability' which, however, was not determined by Me, in fact only good thoughts flowed to him from Me.... And time and again I draw your attention to the myriad of non-fallen beings which likewise had the faculty of thought but which discovered Lucifer's abuse of strength, who brought evil into the world and then accused Me Myself that I have evil within Me, and thus he will also always lead those people astray who are receptive to this....

When and why did the perfect beings become imperfect?....

B.D. No. 8887

November 25th 1964

Everything that came forth from Me had to be perfect because I was simply incapable of creating something imperfect, since My love, wisdom and power would not allow for any flaws in the creations which My will externalised from Me.... This, therefore, happened 'in the beginning'.... when it pleased Me to create a being for Myself and endowed it with the same creative power in order to provide this being with the pleasure of externalising similar beings through its will and with the use of My strength.... But to deny Me this perfection is only possible for those people who are in a state of imperfection themselves, who, due to their intellectual limitation, cannot imagine that, in a state of perfection, it would be **impossible** to create something **imperfect**. However, if only perfection could have come forth from Me, when did the perfect beings change to become imperfect? This question is difficult and yet, at the same time, also easy to answer.... The fact that My supremely perfect creation was able to change itself into the opposite will forever remain incomprehensible to you but the fact that free will allowed for distancing itself from divine order must be understandable to you. For free will was able to leave the divine order, it was able to revoke the divine order, hence it was able to turn the initially perfect being into the opposite, into a state of ungodliness which totally contradicted My perfect nature. And My first-created spirit, having been endowed with the same creative power, created this state for itself by virtue of its faculty of thought.... In My perfection I was unable to harbour a wrong thought.... but he was able to do so because he had free will and used it wrongly. Thinking wrongly would have been impossible for Me, but it was possible for him due to his thinking ability which was otherwise inclined on account of his free will.... As human beings your thinking is limited, you try to find your own explanation in My nature that evil also came from Me but you fail to consider that the fall of the spirits would have to be attributable to Me Myself had I not externalised the beings in a perfect state.... But you do not want to accept the fact that you can thank **him** for the apostasy, instead, you try to blame the most supremely perfect Being Which truly could only have created you such as it was possible: in highest perfection.... The fact that you want to see all opposing

qualities embedded in Me as well is only the evidence that My fundamental nature is alien to you. I certainly know what is in opposition to Me, because I was able to observe My adversary's wrong thinking and was aware that his sin consisted of the fact that he rebelled against Me, that he begrudged Me My strength and thus slowly grew to hate Me.... And I also knew where his attitude would take him, but I did not stop his fall, nor the beings who wanted to follow him.... even though they also emerged from Me in all perfection. But since I had furnished the beings with free will I could not deny them accepting the thoughts of the one who secretly opposed Me, and these thoughts also led to the beings' fall, since he transferred all thoughts of hatred onto them which caused their apostasy. They rebelled against Me, no longer recognised Me and rejected My strength of love. But how wrong it is, wanting to see all opposing qualities in Me, can be seen from the fact that you could doubt My **love**, which thus created you in **My image**, that you could doubt My **wisdom**, which thus supports your fall and that you could also doubt My **omnipotence**, which can only ever create highest perfection. Therefore I refute this doctrine as a misguided teaching which will always prevent you from recognising Me correctly in My fundamental nature and deny Me the love I desire from you....

Activity of non-fallen primordial spirits....

B.D. No. 8755

February 17th 1964

If you are to be active as teachers, then you must also be informed about everything in truth; you must be able to refute every erroneous teaching, therefore be completely informed yourselves about that what you want to bring to your fellowmen as spiritual knowledge. And you will also only then represent your knowledge convinced when you are enlightened by Me Myself, because I alone know about everything and also I alone can introduce you to the areas, which are inaccessible to your intellect. The act of creation of the spiritual beings was always an emanation of My strength of love into the vessel which I created for Myself as the first being.... which therefore received My flow of strength of love and which now.... since it was My image.... again utilized the strength flowing towards it by likewise being creatively active by creating beings of the same kind in endless numbers.... Thus every being was radiated love-power from Me.... Every being had to be supremely perfect because nothing imperfect could emerge from Me, because My strength of love never diminished and thus the same strength of love flowed through all these beings. That I would have created something secondary **from Me** could therefore not be possible.... But the beings **themselves** could form themselves to ungodly beings through their wrong direction of will. And so it has to be pointed out for the time being that every being had free will, otherwise it could not be called perfect. This free will was now confronted with a decision because the being was to prove its perfection. It was to decide whether it **wanted** to remain perfect, although it **could** also turn into the opposite.... precisely **because** it was equipped with free will. And that innumerable perfectly created beings fell away from Me during this test of will and followed their lord into the deep, who **himself** had not passed the test of will, of this you have already often been informed. But now the question is whether there were also beings which were created **without** free will, which therefore **could** not do otherwise than fulfil My will? Then I Myself would have created inferior beings which had to be denied perfection, for free will belongs to a perfect being, otherwise they would have been **insubstantial** 'works' of My creator's will.... dead creations, so to speak, for only free will is the cause of every activity.... But whether this will has completely subordinated itself to Me or works on its own authority, that now also determines the relationship of the being to Me. Every unfallen being now gave itself to Me fully and completely; it subordinated its will to Mine of its own accord and now worked with Me and in My will. It only carried out what corresponded to My will, because through its bond with Me it was also of the same will itself.... while the apostate beings separated themselves by virtue of their free will. They disregarded My will and worked **against** Me and can only again reach the high degree of love after endless long walk through the deep where they voluntarily again submit to My will, then therefore also again work and create with Me in My will, which has now also become theirs.

So you therefore have to differentiate: beings of light.... who remained loyal to Me during their free test of will and therefore will always create and work in My will and therefore are immeasurably happy, because they will never feel as unfree beings **determined** by Me, because such a state would completely contradict My order from eternity.... and apostate beings, which directed their free will wrongly, which would always work against Me if I did not bind their will during the time of their ascent from the abyss. The process of return now takes place on these beings, in which all light beings, i.e. all once **not** fallen beings and such, which have already reached the adoption as children of God in earth life or stand in an already high degree of light, take part.... All these beings carry My will within themselves, however it is free and submits itself to Mine of its own accord, since this would truly not be a sign of a divine and perfect being if it were under compulsion.... that it would therefore **have to** carry out what I instruct it to do.... You humans still cannot quite explain the word 'perfection' to yourselves.... For then every state of imperfection is excluded, and unlimited happiness is the lot of a perfect being, but which could not be brought into line when a being was determined to all activity and therefore would be unfree so to speak. The army of spirits created by Me, which remained with Me, are innumerable, and all work in infinity, always in the redeeming sense, by them creating the possibilities for ascent for everything fallen. Yet it is wrong to say that these beings **cannot** do anything other than carry out **My** will, instead, they **want** nothing other than to serve Me and all unredeemed spirits, because they are high spirits of love, and I Myself allow them to work for Me in order to make them happy, for a thought from Me is truly sufficient to bring it to fruition by virtue of My will in order to cause everything to come into being that which these beings of light create, in order to feel bliss themselves in the process.... And when I speak of beings of light it is the same as when I speak of the endless host of My angels, who all stand in highest perfection and proved their perfection by remaining loyal to Me when a greater host of these angels turned away from Me and fell into the abyss. They have proven their love and loyalty to Me, and still also these light beings once walk the course through the deep, so that they themselves accomplish the work of formation to the child of God, that they then out of own will and serving-willing love **themselves** as it were accomplish a work of creation, which exactly I **could** not create for Me, because this has free will as prerequisite, which the being then uses in earth life as man to reach highest perfection. And all beings which have faithfully remained with Me are in the highest degree of light and their love for Me is indescribable, they know about My will and will understandably not allow any other will to arise in them because of their infinitely profound love. But none of these beings is bound to My will, otherwise its beatitude would be diminished, which will never happen from Me.... But that nevertheless My whole work of creation is subject to the hierarchy of My angels is due to the fact that the power once radiated by Me as being has to be constantly active and that My love again and again lets ideas come into execution to constantly make My creatures happy.... But only an activity in freedom will ever make happy, never an activity in compulsion.... Because only the fallen spiritual is subject to compulsion in a certain period of time, but never the beings, which are active as angels of light in My kingdom....

Amen

Different status of the created beings....

B.D. No. 8868

October 14th 1964

Believe Me that I still have to correct many misconceptions if you are to live in truth and defend it. You have a completely wrong concept of My creative strength, which is unlimited and endowed the created beings with an infinite abundance of strength. Thus they, like Me, were also able to constantly and without knowledge of limitation externalise creations into the universe.... Hence there are no different degrees of creative power in the beings who remained faithful to Me, who did not voluntarily move into a different sphere from Mine, where I Myself amid My hosts have the domain of My creativeness.... All beings were created perfect, and that means that no being is subject to any restriction, but that every being is given a task which it conscientiously fulfils. But one task is no more

important than another, and thus there is no difference of status either.... all those beings' love culminates in their love for Me, and they indeed always aspire towards Me in order to become even more blissfully happy through the response of My love, which you humans cannot measure by any standard. Merely the degree of love can differ in beings who overcame the abyss without having achieved childship to God on earth but who nevertheless achieved a degree of love and constantly seek to increase it. Their happiness, that they escaped the abyss and had to walk the path of evolution, knows no limits. They are conscious of their present beatitude, and their eternal life is a constant singing of praises and thankfulness.... They, too, are allowed to create and give life to the universe but always in accordance with their abundance of light, which constantly increases.

Thus everything perfect knows no limit, consequently there cannot be any beings who take precedence, and your idea of dividing these beings into groups of more or less able beings is wrong, since perfection renders this null and void. These are always human concepts, because you are more or less inadequately shaped and thus also want to transfer these attributes to the absolutely perfectly shaped beings. Whether the smallest or the largest being is created.... it takes the same creative strength, because it is the same work of wonder in My creation. And the supreme perfection of the beings rests in the fact that one helps the other, that not one wants to take precedence before another and therefore neither the expression 'angel' nor 'archangel' is justified, but all beings belong to My vast host of created original spirits, only you humans imagine the world of spirits to be status orientated, just as you create different positions on earth for yourselves. As long as you still have a low degree of maturity the degree of love will differ too, and you cannot create in strength and might. You have to aim to increase this degree of love until you attain your original condition again, from which your fall into the abyss took place. In addition, you also have to acquire the childship to God on earth, and for this purpose a being of light can return to earth for a mission, if it had previously failed on earth but achieved a degree of light in the beyond which sanctions a repeated embodiment. Just as every non-fallen spirit may take this path through the abyss in order to test its free will, although it can never descend further, rather the original spirit's urge for creation becomes ever more powerful. Then it will make constantly greater demands on My strength of love and aspire towards Me and thus create with My strength, which completely permeates this spirit. Perfection, however, is unlimited.... or, what is perfect knows no limits. It is as powerful as I Myself and can make and shape the largest as well as the smallest creations, for it will always help and assist the wretched to attain beatitude....

You can only understand this when you know what 'love' is in its fundamental essence, and therefore I assess everything by the degree of love. But this assessment ends as soon as the being is perfect.... because to be perfect means to be infinitely blessed, then every being's love is only intended for Me as the utmost perfect Being, Which will always gratify its longing for love and yet it will never end....

Deification of the created beings....

B.D. No. 6207
March 7th 1955

In the beginning you all were on My side because you were utterly permeated by My strength of love which drew you to Me.... You enjoyed a state of supreme beatitude because you were divine beings, you were My shaped emanations of love, formations of highest intelligence and in possession of light and strength which, in turn, enabled you to be creatively active. You were perfect beings, images of Myself except that you had come forth from Me, whereas I Myself Am eternal and apart from Me no other creative power reigned. Consequently, everything having emerged from Me was My work.... Even the first-created being which, with My approval and with the use of My strength, produced all of you.... Even this being was My work and not, as it wanted you to believe, the creative power itself. Countless beings were brought into life by this being because it wanted to make creative use of the constant influx of strength from Me.... and it was indeed capable of doing so because I externalised it as a perfect being 'like Myself' for this very purpose.... to populate the infinite spiritual

kingdom for its own blissful happiness.... The pleasure I experienced should also make My first-created being happy and therefore I granted it unlimited light and strength, I gave it free will which it was **allowed** to use as it wished.... but which it should have used according to **My** will if it wanted to be active in line with its **perfection**.... However, it started to use **its** will in **opposition to My** will.... which was indeed possible since the being was entirely free, thus its perfection would not have been questioned by any coercion whatsoever.... Nevertheless, this would have been **impossible** had the being aspired more for My love than for My power... had it been satisfied with the strength of My love it constantly received.... The immense number of created beings brought into life by our mutual love aroused its wish to control them.... and although it knew that My strength had been instrumental in the creation of these beings, its love turned into an opposite feeling.... it was envious of My strength and therefore intended to separate the beings called into life by My strength in order to possess and rule them himself.... But since these living creations of Mine were permeated by My strength of love which kept them inseparably united with Me.... it would have been **impossible** for him to separate them from Me had I not released them Myself.... which I indeed did for the sake of My beings' deification....

You, who had been created in all perfection, would only ever have remained My **creatures**.... creations which would only ever be able to think and act according to **My** will but which did not correspond to My idea when I created you: free **children** who existed and worked in supreme perfection, who are certainly active according to their own will which, however, as a result of their love for Me, was the same as Mine.... **This** is what I wanted to achieve and therefore set you free for you to shape yourselves into what I had set as a goal for Me.... I did not withdraw My love from you, but neither did I stop the first-created being.... which is My adversary now.... from influencing you as well. Yet you, too, were endowed with free will and able to make a free decision for Me or for the first-created being.... You did not have to fall, for you were enlightened and able to feel My love and could have allowed yourselves to be drawn by it to Me.... However, the first-created being exerted great influence over you and you fell prey to it.... You voluntarily followed the one who did not make you happy but pulled you into the abyss instead.... For My adversary resisted Me, he rebelled against Me, he rendered My strength of love ineffective.... I Myself did not withdraw it from him but he distanced himself to such an extent that My illumination of love became increasingly weaker because he openly opposed it.... in the belief that the host of his followers he had pulled into the abyss with him gave him enough strength of his own.... From then on you all had to do without My strength of love even though I Myself did not withdraw it; instead, you had rejected it and therefore become weak and spiritually unenlightened.... You voluntarily forfeited your original inconceivably happy state. Even so, you shall not remain in your self-chosen condition forever, because My love will not abandon you, because you are **My** living creations as well and I will not leave you forever in a state which entirely contradicts your purpose and your origin.... I will not give up the goal I once had set for Myself.... the deification of the beings I created. I will accomplish it, and those of you who are still wretched as a result of your past rebellion against Me, will also enter the kingdom of light again one day, you will enjoy unlimited strength and be blissfully happy.... However, I will **not** exert force on you, you must completely voluntarily take the path of return to Me which will lead you back into perfection, which was once part of you and which you forfeited but which you will attain again one day, because My love only pursues this one goal, that one day you will work and be active again in light and strength as My children in My kingdom....

God knows from eternity the will of creatures....

B.D. No. 8631

September 30th 1963

I foresaw everything, I knew how both the spiritual beings would decide in free will, but how I also know about the will of men from eternity, how long it resists Me. But this knowledge did not prevent Me from carrying out the plan of deification of the beings created by Me, because I likewise

foresaw that I would one day reach the aim which I set Myself when I created spiritual beings out of My love. But I will never touch the free will of My creatures, and whether they still keep away from Me for so long, because for Me there is no concept of time, because in eternity everything is just fleeting moments, what you men regard as periods of time of endless long duration.... But you men, who still keep away from Me, who are still imperfect, for you the concept of time still applies, and that is so long until you have perfected yourselves again, until you have changed to your original being, where all limitations are abolished. And so long your lot is also not to be called happiness, because in this time until your perfection you must suffer.... The aim, which I set for Me when I created you, must be reached by you yourselves; your free will must strive for it, and as this is often very long opposed to Me, I must use means, which lead to the giving up of resistance. And one such means is often suffering, suffering where the human being recognizes his own weakness and feels the need to lean on a being Which will help him.... Then an approach to Me comes about which then also leads to the aim: the complete union (with Me).... The plan of deification of the beings created by Me also prevented Me from preventing the beings' apostasy from Me, for this deification had to be accomplished by the **being itself** in free will, and since it relinquished its perfection, in which I had created the being, it had to accomplish a great work: to work itself up again from the abyss to the height, but to then reach the **highest** degree of perfection, which its will **itself** had to strive for.... thus it was not **forced** to do so by Me.... This freedom of will alone is the decisive thing, if I want to have completely free, most perfect beings next to Me, who now are and will remain true gods, because they have completely become My image.... I can do anything, there are no limits to My power, yet I Myself cannot violate the law of eternal order, which is founded on deepest love and most radiant wisdom.... I therefore could not create beings **without** free will, because I can only let perfection come into being, but free will belongs to perfection. And again these beings now also had to prove their divinity that they therefore also kept their perfection in free will and completely made **My** will their own and therefore through this also remained in perfection.... They therefore also had to have the **possibility** to direct their will wrongly, because they were no beings held under compulsion by Me.... And every being put out by Me had to make this decision, and I knew about the success of this test of will. But since nothing is impossible for Me I use the most different means, which My wisdom recognized as good and effective and which always only have My love as reason to make all My creatures immeasurably happy. So I also overlook the spiritual state of My creatures at any time and therefore also know when drastic changes or upheavals are necessary to again continue the faltering process of return. And time plays no role for Me because as soon as the being has reached the state of perfection where the concept of time no longer exists, it also sees this long time of ascent only as a short moment and is happy to have overcome it. It then also stands again in brightest knowledge, and therefore it also knows that the law of eternal order demands such a change back, if the being wants to reach the highest perfection.... the adoption as a child of God.... wants to reach. Then it will praise and glorify Me and give Me all its love, and then it will also again be unlimited happy, as it was in the beginning....

Amen

Original sin.... Emanation of love.... Jesus Christ....

B.D. No. 6087

October 23rd 1954

The first sin of rebellion against Me resulted in My living creations' vast distance from Me, since with their rejection of Me they also rejected My strength of love, they left the circuit of My flow of love and constantly distanced themselves ever more from Me. Hence resistance to Me is the same as rejecting My strength of love, which is why no human being who still inwardly opposes Me can be permeated by My strength of love. And it can already be considered an opposition if he does not believe in Me and therefore has no contact with Me. Then he will stand outside the circuit of My flow of love.... he will be unable to feel My love because he does not voluntarily become receptive to it and is unwilling to establish contact with Me. **Not** to acknowledge Me means to be entirely subject to the

one who once rebelled against Me and thereby became My opponent.... And his plan is to so influence all living creations that they will likewise deem Me non-existent, that they won't believe in a Being Which created them and desires to have a connection with them. But this non-acknowledgment also results in utter lack of strength and darkness of thoughts.... Light and strength are only available from Me.... and they scorn light and strength because they scorn the Giver of light and strength.... because they have no faith in the primary source of light and strength from whence they, too, had emerged....

However, to the same extent as they reject this primary source they incapacitate themselves from being nourished by this primary source, and thus they remain lightless and weak until they strive towards this source in free will.... until they acknowledge the Power Who created them and thus voluntarily open themselves in order to be supplied with the divine strength of love.... until they unite themselves with the Giver of light and strength. And then they will receive without measure what they need in order to become blessed.... in order to enter the original state again which they once left voluntarily. Every person who turns to Me shall receive abundantly, for My love will never expend itself.... it forever wants to give and delight and merely requires open vessels into which it can flow. And as soon as the sincere will has awakened in a person to enter into contact with the Power Which created him he will separate himself from the original sin, the rebellion against me, and he will safely reach the goal with the help of the divine Redeemer Jesus Christ, Who shed His blood for the sake of this immense original sin.... Who infinitely suffered and died on the cross in order to acquire a treasure of grace for the weakened human race.... a strengthening of will and the realisation of their guilt.... Now every person will be able to reduce the vast distance from Me, every person can find forgiveness for the immense guilt of the past rebellion against Me; every human being can enter the circuit of My flow of love again and receive light and strength in abundance.... if he makes use of the many blessings which are at his disposal as a result of Jesus Christ's act of Salvation if he **acknowledges Me** since I, as Jesus the man, removed the guilt for you through My death on the cross....

Amen
